Flower's P.O.V:

I used to be a bully back then.....

Flashback

"Take that Moonflower!"
"Ow! Flower, what was that for?!"
"You're outfit disgusts me, it's so ugly that it came from the thrift store! My outfit is so much prettier than yours! Hahaha!!"
"Wahhhhh!!"

Flashback ends

I remember when I was a kid, I threw a bottle of glitter at a girl that I always pick on, Moonflower. I always make fun of her by how ugly she looked, and her clothes. Then I bullied Sunflower by her hair and shoes, Hibiscus for not showing her face and I ruined her life by cutting off her pink hair to show everyone how ugly her face is, Marigold was my next target that I've hurt, by dumping trash or water at her. Daisy, I made fun of her freckles and painted her face with red paint to cover up her freckles. Petunia, I made fun of her purple hair and I ruined it by dumping green dye on her hair because of how it disgusts me.

Thinking about it back then, I wish I could apologize...and then everything will be normal and put it all behind us. Would they ever forgive me?

I wish they could see that I've changed....

I woke up from the sound of my alarm, I groaned and turned it off. The first day of Object Highschool...will I ever see Moonflower and her flower girlfriends again? If so, I could apologize for everything and then they'll forgive me and put this all behind.

I got dressed in my school uniform, I brushed my pretty hair and put on my flower hairclip. I put on my black school thigh socks and grabbed my beautiful school bag. I ate breakfast, put my school shoes on and began to walk to school.

My parents are at overseas, so I'm living by myself, since I'm 18 years old and I'm old enough to take care of myself.

I began to feel nervous, feeling that I'll never be able to make a friend there. The Flowers Girls that I've bullied would never forgive me for what happened.

They're gonna see that I've changed.

I arrived at my class, which was English. I see a little bit of students looking at me with a cold stare. Could they have noticed or heard that I was a bully back then?? Some mind their own business about me, which was a relief, otherwise, it'll make things worse.

"Isn't that the girl who used to bully someone?"
"Yeah, I've heard she ruined a girl's purple hair with a green hair dye."
"Maybe we should just avoid her, in case if she starts harassing us."

Three kids whispered to each other, and I heard them talking about me that I was a bully. I walked passed them as I sat on my desk, my desk was placed in the corner of the wall, next to a window. I was next to a red head girl wearing a ruby hairclip. I liked looking at the window, it helps me make my worries go away for a while.

I notice that my hair was a bit messy because of the wind when I

walked here. I took out my mirror and started fixing my pink and half yellow hair. I fixed my flower hairclip to be perfect and beautiful again.

I felt something wet on my face, looking like someone spit at me.

"Well well well, if it isn't Flower, the Fashion Queen Bully."

I looked up to see a white haired girl, I immediately recognized her. She wore a moonflower hairclip, and to be honest, she looked so pretty.

She gave me a cold glare with those red eyes, looking like she wanted to go for the kill at me. I wiped off the saliva that she spat on my cheek.

"O-Oh! Moonflower, I didn't think you'd be here." I stuttered a bit, I gave her a friendly smile, but she didn't take it.

"Hey um...I wanted to apologize about all those years ago, ya know...when I threw glitter at your clothes, dumped ink all over you, and when I put trash at your desk. I wanna put all of this behind and forget about the things that I've hurt you and the others. I've changed Moon-"

"**Does it look like I wanna accept your apology?**"

She cut me off, she was **really** pissed. I began to feel scared because of how scary she looked.
"Why should I forgive a bully like you who destroyed my favorite dress and my favorite charm that was gifted from my cousin?" She asked coldly.
I stayed quiet, feeling scared.
"I don't think that you've changed....you're still the bully that I've known....and I will **never** forget for what you've done to us...." She grabbed my hair and pulled me to face her cold face.

"**I will make your life hell as ever be. The Flower Girls and I will teach you a lesson to not mess with us ever again.**"

My eyes widened in fear, tears started to flow in my eyes. She seemed to notice me that I'm starting to cry.

"Hah, look at you. Your face is much more uglier than before when we were kids. I bet you'll be even more ugly. I bet your outfits will be all dirty and ripped." She started calling me ugly, which it hurts in my heart.

"I will make your face even more ugly with scars and bruises. I will cut your hair and it'll be bald so every guy will never date you. No one will become friends with you. Everyone in this school will forever see how hideous you'll ever be. **I can't wait to see it happen.**"

Moonflower spits on my face again as she walked away to her seat. I faced down, tears dropped from my eyes.

How could she call me ugly? Is she gonna hurt me? Do they really want revenge?

Moonflower is gonna threaten me to death, she wanted to ruin my life....she and her flower girlfriends wanted revenge. I sniffed quietly while trying to calm myself down from crying.

I fixed my hair and hairclip as I put away my mirror. The teacher came in class as everyone took in their seats.

Time Skip to Lunchtime

I was sitting outside by myself, underneath a Cherry Blossom Tree. I watched other students chatting and some avoided me because of how much of a mean person I used to be, but they can't see that I've changed.

I feared that Moonflower will destroy my life, fearing that my face will be covered in scars and bruises, my hair will be cut off to be bald so no boy would ever want to go out with me...she wanted to see me suffer...

I started crying, I was far from other students at the Cherry Blossom Tree, so no one can hear me crying. I feared that she'll hurt me along with her Flower Friends.

I don't think I'll ever find a friend to confront me...

I felt like my I'll be alone forever....

"Um, excuse me?"

I was startled, I immediately looked up to see a red head girl, wearing a ruby hairclip. Her hair was short and she looked so pretty, she had a worried look on her face when she saw my face.

She knelt down to look at me, but I looked away from her, trying to hide my crying face.
"H-Hey! What's wrong? Did something happened?" She asked.
I wiped away my tears quickly and looked at her.
"I-I'm fine! There's nothing wrong with me!" I said, forcing a smile and trying to hide my fear over Moonflower.

"There's something wrong that made you feel this way, I'll take you to The Alliance, aka, my friend group, iance. We can help you out with your problem." The girl grabbed my hand and pulls me up, I took my school bag and walked with her.

"Oh, what's your name? My name's Ruby!" She asked me with a smile.
"M-My name's...Flower." I replied shyly, I was scared if she'd saw me as a bully. I don't think I've met her before.

"What kind of things do you like?"
"I like fashion. What about you?"
"Fashion, oh! I like fashion also! Clothes are pretty to buy or look at!"
I smiled at Ruby, feeling comfortable.
"We should be friends Flower! You'd meet iance in a moment, they're at an empty classroom."

I blushed when she smiled at me, my heart fluttered, I felt butterflies in my stomach.

What is this feeling?

Ruby opens the classroom door, I was met with a pink haired girl wearing a grey headband, another red head but her hair's in a bun, another girl with light blue hair wearing a bubble hairclip, another white haired girl wearing a blue cardigan, a guy with yellow hair,

and a tall guy with white hair with a sweater around his shoulders.

"Ruby, who's this girl?" The grey headband girl asked.
"Oh, this is Flower! I found her crying underneath the Cherry Blossom Tree. I figured she had a problem, so I thought you guys can help her out!"

I gulped and nervously waved at them.
"H-Hi, I-I'm Flower."
I thought they would hate me and see me that I used to be a bully, but to my surprise, they looked impressed.

"I'm Pencil."
"I'm Match."
"Call me Lightning."
"My name's Fanny."
"My name's Bubble!"
"Name's Snowball."

They were so nice and they let me in their group.
"Welcome to our, like, group chat, Flower. We're, like, glad to have another friend join us!" Match says happily, they all treated me so well that I felt so comfortable with them.

"Ruby said that you have a problem, what's is it anyways?" Pencil asked me, I became nervous again, and my body starts to shake from fear.
'I can't let them know about Moonflower going to threaten me... it'll make things worse.' I thought.

As soon as I was gonna reply, someone opened the door, I looked behind to see Moonflower looking at us with a death stare. I immediately began to shake in fear, fearing that she'll start ruining my beauty.

She didn't say anything as she left, I calmed down. Ruby seems to notice me that I'm horrified of her.
"Flower, are you scared of that person?" She asked me, I sighed.

"Look, she's my problem. I used to bully her back in Kindergarten...but I've changed. My parents scolded me and I learned

my lesson to never bully others ever again...I tried to tell her that I've changed and put all of this behind us in the past and forget about it, she refused to listen to me and will never forgive me for what happened....I get it, you guys see me as a freak for doing that. I'll just leave..."

I got up and began to walk away until Ruby grabbed my hand.

"We don't see you as a bully, it's a good thing that you've changed and you've learned your lesson. It'll take some time for them to accept your apology. I know you're not the same Flower as you were before, you're just the new Flower who wanted to apologize to her for everything."

"Um...but she told me that she and her friends are gonna get revenge! She wanted to see me suffer, she'll ruin my face with bruises and scars, she'll tear my clothes, and she'll even cut my hair to be bald and never gonna get a boy to like me! She wanted to see that to happen! A-And and and-"

I burst into tears and buried my face in Ruby's shoulder, scared of Moonflower going to manipulate me.
Ruby hugs me close as she pets my pink-yellow hair gently.
"Don't be scared, we'll be here to protect you from her pals. Even me, Flower...I'll protect you from them."

Pencil and Match agreed with Ruby, same thing with Bubble, Fanny, Lightning and Snowball.
"If they try to hurt my friends, I'll give them a what for!" Snowball cracks his knuckles, I'd be appreciated at first, but that's kinda harsh.
"I will forever hate them!" Fanny yells angrily.
"I'd drag you away from those mean girls who are gonna get revenge on you!" Bubble says.
"I'd use my taser to zap them if they hurt you!" Lightning says as he took out his taser from his bag and pressed the button to hear the zapping sound from it.

"It'd be best to fight back, revenge is amazing to make you feel good, but that doesn't cut it for her." Pencil says, Match agreed with her.
"Omg, Pence Pence. I'd, like, beat the shit out of that white haired girl with red eyes!"

I put on a small smile at them, still staying in Ruby's arms while hearing them what they wanted to do to Moonflower.
"I'd be appreciated for this, but that's kinda harsh. I don't mind you guys protecting me from her, but...I'm the one Moonflower wants."

I let go of Ruby, but she held my hands, I felt a same feeling in my heart, and butterflies in my stomach. I blushed a little bit, why do I feel this feeling when Ruby's around me?

The bell rang, everyone's starting to go to their next class.
"Looks like we have to get to our next class. It's Graphic Design...I love that class, because I'm a good artist!" Pencil says happily, I never knew she's good at art.

"H-Hey, that's my next class also! I'm not good at drawing, and I felt like my projects will turn out to be bad." I said shyly. The iance Group and I began walking out of the empty classroom.

"We all have that same class, let's get going already! I hate arriving to class late!" Fanny complains, I laughed.

I'm starting to feel so happy, I've made new friends for the very first time. In Object High! Ruby is the first one who I want to get close with.
"Flower, when I pet your head...it's so silky and smooth to be honest. It feels so soft that I....." Ruby muttered something that I didn't hear.

"What was that? I didn't hear what you said, can you repeat that?"
"I-I said your hair's very beautiful and smooth! You have been taken care of your beauty forever!"

I was confused, but I thanked her for the compliment about my beautiful hair.

Time Skip to After School

I was scared of going back home by myself because I felt like Moonflower is gonna strike me anytime soon. I take a look around to see if Moonflower is still here or if she left. I didn't see her as I sighed

in relief, or so I thought...

I felt my hair being pulled back and slammed me on the lockers. My eyes widened to see Moonflower glaring at me, her flower friends were here.

"M-Moonflower, Daisy, Petunia, Marigold, Sunflower, Hibiscus?!"
"Flower, the Fashion Queen Bully!" Daisy said, crossing her arms.
"It's been years since you hurt us in Kindergarten and Middle School."
Hibiscus spat at my face.

"L-Look, I know you girls are angry at me about the past, but look at me now! I've changed and learned my lesson to not hurt everyone ever again! I'm serious, I really did change!" I said, panicking.

Five of the flower girls stayed silent as Moonflower slams her foot on the lockers, making me startled in fear.

"**They don't seem like they want to forgive you....they'll never forget for what you did...**"

Moonflower slapped me, hard. She started laughing evilly.
"I'll make your face as ugly as ever...everyone will hate your ugly face. How about if I damage it even more?"
Moonflower slapped me even more harder, three times. Then, she grabbed my hair and slammed my head to the lockers.

"See you tomorrow, Flower..."

Moonflower and the rest of the girls left as I tried to get up. My hand rubbed the back of my head, it hurts when she slammed my head to the lockers. My face had a slapped print that Moonflower did, I took out my bottle of water that was cold enough to heal my cheek.

It stings a bit, I started walking home, until someone called my name.
"Flower! Flower! Wait for me!"
I turned around and saw Ruby running up to me, I quickly put away the bottle and smiled at Ruby. She panted and looked at me, she seemed to notice my cheek.

"Oh my gems! Flower, what happened to you?!"
"It's nothing Ruby. Really, I'm fine."

"No! It's not! It's Moonflower, isn't it?!"
"Yeah but, it's fine really!"
"No! She clearly wanted to hurt you! Let me go and talk to that bitch!"

Before she can go after Moonflower, I grabbed her hand.

"No Ruby! I don't want you to get hurt by her! If you do that, you'll be her next target!"
"I have to confront her for this! I can't stand her hurting you like this!"
"But Ruby! This has nothing to do with you, this is my problem and I have to deal with it! I don't want you to get involved!"

It took a while to get Ruby to not go hurt Moonflower as she decided to let it slide this time.

"Fine, if this happens again, I'll go after her." She says angrily, I sighed and calmed her down.

"Ugh, whatever. Anyways, can I walk home with you Flower? Can I visit your place? I'll let my parents know that I'm at your house." Ruby asked, giving me those adorable puppy eyes.

My heart fluttered as I blushed hard. She was so cute, shit, what am I thinking?! Do I really like her?!
I snapped out of it and brushed that thought aside. I said she can come over, she happily cheers and hugs me tightly. My face explodes in the redness.

As we arrived at my house, we both took off out school shoes. We both sat on the couch.
"You've got a pretty place there Flowey!" Ruby compliments as I blushed a bit.
"Where are your parents?"
"They're overseas, so I'm living her by myself and I get to have the whole house to myself! Hahaha!" I said with a laugh.

"Want to exchange numbers?"
My heart pounded in my chest in excitement, I felt like I finally have someone who cared for me.

"Sure Ruby! Give me your number!"
And so, we exchanged numbers in out phones.

We both had fun together, we did our homework first, then we played games, we ate some sweets, and we talk nonstop. I beat Ruby at Mario Kart 8 Deluxe on Switch, I jumped in victory as Ruby whines in loss.

"No fair Flower!"
"Hah, I win playing as Inkling Girl!"
"I could've won as Mario! Why do you always win?!"

Ruby was about to bonk my head until she fell on top of me. I laid on the floor as we both stared at each other.

We were in a pinning position.

We both blushed red as we quickly got up.
"S-Sorry!!"
We apologized at the same time.
We stayed silent and it was awkward, Ruby looked at the time and it was 7:50pm.

"Oh! I gotta get going! I don't want my parents to be worried about me!" Ruby grabbed her school bag and went outside as I followed along. I stayed at the front door and watched the red head girl leave.

"Bye Flower! I'll see you tomorrow!"
"Bye Ruby! I'll miss you!"
"Miss you too bestie!"

And with that, we waved goodbye as she walked away to her home. I closed the front door and locked it. I leaned my back against it as I slide down to sit, I put my hands on my chest, my heart pounds.

My chest feels so warm, and it's a warm feeling in my heart. I feel so happy when Ruby is around me. I couldn't stop thinking about her, she looks so cute with that ruby hairclip, her hair was so beautiful, and her face is so pretty that I wish I could touch and caress her soft cheek!

Her lips.....I bet they're very soft, I wish I could just kiss them and.....

WHAT THE FUCK?! WHAT AM I THINKING?! I'M A GIRL AND SHE'S A GIRL!! THAT'S DEFINITELY WRONG, SO VERY WRONG!! THIS WHOLE WORLD IS SUPPOSED TO BE SEEN ONLY STRAIGHT COUPLES, NOT BOYS LOVE OR GIRLS LOVE!!

Or wait....could that be true or fake??? I might have to find out if any of the kids at school could be gay or lesbian. I've never seen any Girls or Boys Love before...never in my life.

"If I can picture that kind of Girls or Boys Love.....me and Ruby for example.....hmmm...." I've thought about me and Ruby being a couple, we'd hug and kiss....and then.....we strip our clothing and.....oh shit.....

"NO NO NO NO!!! NO NO NO NO!!! NO NO NO!!! NO!! THIS KIND OF LOVE IS DISGUSTING!!! THIS WHOLE WORLD IS SUPPOSED TO BE ONLY STRAIGHT COUPLES, NOT BOYS OR GIRLS LOVE!! A MAN AND A WOMAN ARE BETTER FOR THIS WORLD!!" I screamed, thinking about this.

"Maybe I need to stop thinking about this Boys or Girls Love thing....I might have to do some investigation about this kind of stuff. I don't want to be a creep to Ruby and the rest of my friends...time for bed..."

I took off my School Uniform and put on my T-Shirt and Shorts, this t-shirt is too tight around my huge boobs, I might as well have to buy a new one on the weekends...

I went to my room and went to bed.

Chapter 2

Flower's P.O.V:

I was at the beach, watching the sunset with Ruby. We held hands together, Ruby looked at me, and I looked back.

"Ruby, there's something I wanna tell you..."
"What is it, Flower?"
"You might be disgusted to hear this confession of mine, but I just wanted to say that.....I um....I love you Ruby! I love you more than anything else in the world!"

Ruby stayed quiet and was blushing hard.

"Oh, um.....Flower.....I uh...."
"I get it, you hate me, don't you?"
"No! I don't hate you."
I looked at Ruby, blushing heavily.

"I feel the same way about you."

My eyes widened, my blush grew more red as I smiled, tears forming in my eyes.

"Remember this Flower...."
Ruby put her hands on my shoulders.

"You're not ugly, you're beautiful."

With that, her lips were pressed against mine. I kissed her back as we both hugged harder, we swirled our tongues.

It was getting intense as I pinned her down on the sand and.....

My alarm rang as I turned it off.
Oh, today's Friday.....
My eyes widened from the dream I had when I was with Ruby. I couldn't stop thinking about her while I was walking to school. My face was fully red, my stomach was full with butterflies, and my heart was pounding faster.

I am nervous to come to school, but I'm also excited to see Ruby. Why am I so nervous? What's this strange warm feeling in my chest? Why am I so happy to see Ruby again?

My thoughts were interrupted by a pair or arms wrapped around my waist.

"Flower! Good morning!"
I smiled even more when I recognized that voice.
"Ruby! Good morning!"
We both hugged each other tightly.
"I was worried if you're not coming here!"
"I'm sorry that I made you worry Rubster."
"It's okay! Let's go inside, you and I have English Class!"

We both walked in our class, the students here were chatting and minding their own business. I see a little bit of them giving me a glare, they still won't drop the bully thing.

"It's the mean girl, keep away." One student says, the three of them walked away and kept their distance away from me and Ruby.

Ruby grabbed my hand and we both got to our seats.

"Those people really hate you huh?"
"Yeah, they still see me as a bully. They can't even see that I've changed!"
"It takes time Flower, once they realized that you've changed, they will apologize for hurting you and accept that you've changed."

She smiled so cutely that I wish I could hug her tightly. My blush began to grow red as I looked away shyly.

"Hey, bully!"

I heard that voice and I turned to see who that was, and it was Moonflower.
"M-Moonflower..."
She gazed at me, then at Ruby.
"So, you just made a new friend huh?"
"Um...y-yeah I did....but-"
"Hey, you. Red-head, you do realize that you're being friends with a bully, right?"
I don't want Ruby to get involved in this, just as I was about to get Moonflower out of this, Ruby stood up and glared at the white-haired girl.

"I know, she told me everything. But she's changed! Why can't you see that she's changed?! She's now a good person! She's not the Flower you know, this girl that you're hurting, is the new Flower!" Ruby confronts, clenching her fists.
"And I've heard that you just slapped her very hard....**I don't like it**."
Moonflower glared at her, she then pushed her, she stepped back, but Ruby still stood there.
"So? I'm teaching her a lesson to never mess with us again. I'll keep doing it and make her life miserable."
Moonflower then looked at me with that glare of hers.
"I'll be sure to give you so much pain....I will give your ugly face so much bruises and scars.....I will cut your hair to be bald.....just you wait....."
I was starting to get scared when her eyes glowed red.

"**Even if it means killing you...**"

Moonflower walked back to her seat with her freckled friend, Daisy. I noticed that Daisy had a look of worry, I was concerned, but I brushed that off. I was still shaken from Moonflower's threat, Ruby then hugged me in comfort.
"Don't let her get to you. Flower, I'll always be by your side." Ruby said, my eyes started to water up as I hugged the short red head back. We both ended the hug as she leans to my ear.
"Want to cut classes?" She whispered, my eyes widened and blushed heavily.
"C-Cut....classes?" I whispered back, Ruby nodded.
"Yeah, I just wanted to spend some time with you." Ruby fiddled with

her fingers, and I just caught her pink blush.

I smiled and nodded.
"Sure, let's do that."
"Alright, after this class, we'll cut our classes, okay?"
"Sure!"

And so, our teacher arrived to our class as we took our seats.

Time Skip

The bell rings as Ruby and I began to cut classes. Ruby texted Pencil and Match in their group chat that they're cutting classes. Pencil, Match, Bubble (She was forced), Fanny, Lightning, and Snowball have agreed to cut classes for today. We skipped 2nd, 3rd, 4th periods and now it's lunch.
We were at the school roof to hang out.
"I love cutting classes, I hate doing school work!" Fanny yells.
"Cutting class isn't my thing....." Bubble muttered.
"At least we, like, get to do nothing! I don't want to do any, like, school work."

From the corner of my eye, I saw Lightning resting his head on Snowball's shoulder, the tall guy gave the short blondie boy a kiss on his cheek.

I couldn't believe my eyes...

Flower's face rn:

I was shocked, I can't believe that I have two boy friends, but they're gay!!
So this is true after all!!
There IS such a thing as Boys Love!!
Now I need to see what Girls Love is like!!

Snowball and Lightning seemed to notice me in shock to watch

Snowball kiss him, they must've laughed at my reaction by how funny it is.
"Flower, what're you looking at?"
"Oh! Um, I'm just surprised that you two seemed to be dating....but boys dating other boys?!"
Match and Pencil perked up, Bubble and Fanny looked at me too.
"What? You didn't know, like, what Gay or Lesbian is?" Match asked, I looked at her and raised an eyebrow.

"Gay? Lesbian? What's that? A country?" I asked, obviously kinda stupid what that is.
Ruby laughed at that question I asked, I flushed with embarrassment.
"It's not funny!!"
"Wow, I can't believe you don't know what Gay and Lesbian is!"
Pencil laughed, along with Ruby.
I was angrily embarrassed, then I sighed and leaned my back against the wall.

"Gay is basically a boy's sexuality, that means he actually likes boys instead of girls. It's the same thing with a girl's sexuality too, that means she's a Lesbian, which it means she likes girls instead of boys." Pencil explains.

I totally understood. Now I get what that means.

"Ohhhhh, so that's what it means..." I said, my hand under my chin.
"I've always thought this world would have straight couples only, ya know, when a man and woman fall in love. It's always that in the whole world, I didn't know that Girls Love and Boys Love exist in this world."
Pencil pulled out her phone.
"Let me show you what Gay and Lesbian are like, these drawings by @BFDIFlipTheCap , aka, @SapphireNeon57, on Twitter. She's good at drawing Straight, Gay, and Lesbian. She even has her own Original Characters!"

(***A/N: Yes, I used both of my Twitter tags for this, you could follow my Main and Alt if you want.***)

She showed me some drawings of this girl on Social Media, and damn....I was blushing so hard just by looking at them.

"She drew one with Leafy and Firey, there's the second drawing she did of Book and Taco, and the third one is with Snowball and Lightning. I was the one who requested her to do them, and she did! Firey, Leafy, Book, Taco, Snowball, and Lightning loved them! I'm a huge fan of her!"
The backgrounds seemed familiar in these drawings that the user made on Twitter.
"They are great when she draws them, but the backgrounds look familiar." I said, Pencil and Match did look at the background in the previous artworks in the users profile.

"OMG Flower's, like, right! When she drew one with me and Eraser, I, like, noticed the classroom background that looks familiar to me in P.E!" Match said, showing the drawing that @RankerNeonn did.
"That means.....she must be, like, in this school! Although, that drawing in that profile picture of her does look like someone here in Object Highschool....I did remember, like, that there was a girl in my class with blue dyed hair..." Match thought.
"That's ridiculous....there's no way she's in this school. She must be in some far away country?" Pencil said, she looked at the user's location.
"Yoyle States.....wait, the location is where we live! She must be here somewhere in this section and in school!"
"OMG, Pence Pence! You're right! We might find her soon!"

Look at them, talking about the artist and finding her around here in school...but....I do have Social Media, and maybe I can request the artist if she'd draw me and Ruby.....crap, I can't be a creep around her.....

The bell rang, it was now 5th period, which my class is Social Studies.
"Nah, I ain't going to any of my classes. I'm still cutting." Pencil says, we all agreed.

Time Skip to After School

We all went to the front of the school to get home. Some students stayed in the school just to have a talk with the teachers to form a friendship.

"Well that was fun, we, like, cut classes for today and now I'm, like, super excited for the weekends." Match said.

"Hey, iance!"

We heard a voice and I turned around to see Moonflower and her flower gang.
"Mind if we borrow Flower for a bit?"
I backed away, grabbing Ruby's hand.
"What are you waiting for? Mind if we borrow her? I'm asking you nicely."
I noticed that she's holding a pocket knife, I was starting to get scared that she'll cut my face.

"Fuck no, why should we?" Snowball said, Moonflower is starting to get a bit furious.
"Why can't you guys see that she's a bully?"
"She's not the Flower you know! Why can't you, like, see that she's changed?!" Match yells.
Moonflower's red eyes glowed red, trying to scare us. I was too horrified as I began to run away as fast as I could.
"F-Flower! Wait!" I heard Ruby call me, but I couldn't turn back, I ran to my comfort zone.
I stopped running, thinking that I must've lost Moonflower and the other girls. iance must've been looking for me right now. I sat under the tree, crying.

Moonflower does want to hurt me....this is scaring me.....

"Flower?"
I looked up to see Ruby.
"Oh, Ruby....I um..."
Ruby then hugged me tightly, my face went red.
I stayed quiet as I hugged her back, crying softly. I rested my head on her shoulder as we stayed like this for a while.

It was sunset, we stopped hugging as Ruby texted Pencil and the others that they found me.
"Did I make you worry?" I asked, Ruby looked at me.
"Of course I was worried! That Moonflower girl just wants to hurt you! I don't want you to get hurt by that bitch!"

Ruby hugged me again, I blushed hard. She really does care for me, she rested her head on my shoulder. She wrapped her hands around my waist.

"I don't know what to do without you if Moon tries to kill you....you're the only friend I've ever cared for and loved....."

My heart was touched by her words, the short red head pulled me close. My heart was beating so fast, I feel so happy when she's here with me.....I have to admit, I really am in love with Ruby....I don't know if she feels the same....
She's the only one who cares, she's the only one who stayed by my side so I wouldn't have to be lonely, she's the only one who can make me smile and be happy, she's the only one who made me feel loved....
I see that she fell asleep on my shoulder, I smiled by how cute she is.

'Maybe doing this won't hurt, she won't ever notice.' I thought, I brushed her hot red colored hair aside from her face, I then kissed her forehead. It was a quick kiss, and I pulled away before she could notice or wake up. I noticed that her phone was buzzing, so I picked it up to see who it was, her mother was calling. I answered it.

"Hello, this is Flower. Ruby's friend in Object Highschool."
"Oh, nice to meet you Flower! Ruby has told me a lot about you!"
"She has?"
"Yup! She was talking about you nonstop since dinner. I bet she really likes you!"
My eyes widened when her mother said that, Ruby has been talking about me when she's at her house. I began to blush red, has she always talked about me to her parents?
"Wow, she sure does talk about me a lot to you guys, huh?"
"Anyways, is Ruby coming home?"
"She's right here, asleep on me."
"Oh, well, do you mind if you'd let her stay at your place for the weekend?"
"Sure! My parents are overseas, so they don't mind if I have a friend to come over to stay.
"Okay, please take care of her, alright?"
"I will Miss, I promise."

I hung up on Ruby's pretty gem phone as I put it in her school bag. I

carried Ruby on my back as I walked to my house, I felt the sleepy red-head nuzzling my neck. I felt like my heart was going to explode, her cuteness is killing me.
"F-Flower....?"
Ruby woke up from her nap while my house was like two blocks away.
"Oh, Ruby. You're up."
"Why are you carrying me?" She asked and yawned, it was so cute.
"Your mother called, I answered her for you. We did talk for a bit as she asked me if you'd like to stay at my place for the weekend, and I said yes. You and I are gonna have so much fun."
Ruby hugged me.
"Yay! I get to spend some more time with you!!"

Fuck, she's so cute.....I just can't help but blush madly, Ruby is just so adorable!!!

Flower's face rn:

A/N: Don't mind me using anime pictures, I'm just using them to describe their expressions. Stay tuned for Chapter 3~!

Chapter 3

Flower's P.O.V:

I woke up and it's Saturday, I sat up and stretched my body. I looked at the side only to see Ruby sleeping beside me. I immediately blushed super red...how the fuck did this cute red head get in here?! I thought she'd sleep in The Guest Room!

I couldn't help but smile as I stared at her adorable sleeping face, waiting for her to wake up. She made a cute sound that made my heart melted, I wanted to fucking hug her so badly.

Her eyes started to flutter open as she yawned.
"Morning Ruby!"
"O-Oh! Um... morning Flower..."
I could see her face was red, trying to hide her blush. I tilted my head, confused on why she's so embarrassed.
"Is something wrong? Oh yeah, how did you get in here if you're supposed to sleep in the living room?"

The cute red head girl fiddled with her fingers.
"W-Well umm.....I was struggling to sleep last night, I went to look for you in one of the rooms, I found you sleeping and I just.....wanted to sleep by you..."
I looked away, blushing heavily.

She was struggling to sleep?? If you want to sleep with me in my room, you could've just asked...
"I-I'm sorry if I made you uncomfortable!! I didn't mean to!!" Ruby panics, still flustered.
I looked at her and waved my hands.
"Oh! No, Ruby! It's okay! You can sleep here all you want, I don't mind! Really!"

I got up and walked to my drawer to find what clothes to wear. I

have to go shopping for a new shirt when I sleep.....

Ruby's P.O.V:

I stared at my thighs, embarrassed for sleeping beside her....she was so beautiful and I wanted stay with her....because of last night when she was talking with her mother.

Flashback

Ruby struggles to get some sleep, she was having a nightmare of Moonflower killing Flower. She couldn't save the pink-yellow haired girl, she was too weak and scared. Moonflower stares at Ruby with deadly eyes as she dashed forward and slashed her neck.

Ruby gasped and woke up, she wore one of Flower's clothes as she stood up, grabbed her school bag and walked upstairs in the dark, she couldn't see anything and always bumped on the walls. She tried to find Flower's room as she finally found it, her lamp was on. As soon as she was about to grab the door knob, she heard her talking on the phone.

"Yeah, mom. I've been doing alright, and I have a new friend from school! Her name's Ruby! She found me sitting under The Cherry Blossom Tree when I was upset."

She stood still, and couldn't help but wanting to hear more of what she's telling her mother, she waited for her to finish. Then, she heard Flower say something that made her heart feel so warm with love.

"Ruby always makes me happy....and I couldn't help but blush at the way she smiles, it's so cute, her face was beautiful, her beautiful red head hair that's so smooth I wish to caress it when she's feeling sad, and her innocent and optimistic personality.....I don't know what I'm feeling mother! Huh? It's love?? I'm a lesbian?? And you're okay with me dating girls??"

Ruby blushed hard.

"You're right...I really am in love with Ruby....when I confess to her, I will take good care of her! I will make her happy and I will make sure to give her so much love! NO, NOT IN A SEXUAL WAY!!! YOU'RE EMBARRASSING ME MOM!!"

Ruby couldn't help but smile, she knew that Flower really like-like her back. She knows that she and Flower just met two days ago, but she's been having this feeling when she's around.

"Alright, I'll hope you and father can finish your business thing and be back home safely. Love you, bye."

With that, she hung up and sat on her bed.
"Maybe Ruby won't feel the same.... she's female and I'm a female too....who knows..."

And with that, she got to her bed and turned off her lamp, falling asleep. Ruby slowly opened the door and closes it softly so Flower wouldn't hear.

'She doesn't mind if I sleep beside her on her bed, right??' Ruby thought, she then climbs on her bed and then falls asleep.

Flashback Ends

She doesn't seem too angry about me sleeping beside her last night. I wish I can cuddle with her.....
When I looked up to see Flower, my face went completely red. Flower wasn't facing me, she took off her t-shirt to reveal her flower bra and her breasts were **really** huge. She then pulls her shorts down to reveal her flower panties. Her thighs were completely thicc, I almost had a nosebleed.

'Okay, she's the type of girl who I will forever date with...' I thought, Flower puts on a pink sweater and put on black tights, my heart just melted. She looked so beautiful, I wish I could just....just...do something with her...

I wish I can hug her for being so cute and beautiful....

Wait...that's not necessary...

She'll think I'm a perverted creep....

Flower's P.O.V:

As I was done changing, I grabbed a red dress for Ruby to wear. When I turned around, I see her face getting all red and blushing so hard.

I was confused.
"R-Ruby, is there something wrong?"
She snapped out of her daydream.
"N-NOTHING FLOWER!! REALLY!!"
"Want to wear this?"
"OMG, sure!!!"

I handed Ruby my old dress, since it doesn't really fit on me, because of my bigger boobs....I stared at Ruby, she took off the clothes that I let her borrow.

I gotta say, her body really looks beautiful. Her waist is skinny, her chest is really perfect, almost compared to mine, and her thighs were just perfect too. She's small and I wish I could hold her in my arms, I watched her put on the red dress that I let her use, she put on the black tights.

She looked so pretty, I couldn't help but blush all red.
"Flower? Are you gonna stop looking at my pretty body or.....?" she teased, raising her eyebrows. My face went dark red, steam just came out of my ears.
"N-NO!! S-SORRY, I DIDN'T MEAN TO MAKE YOU UNCOMFORTABLE!!" I looked away, my face burning hot with embarrassment.
Ruby laughed.
"I was just teasing!!"
"IT'S NOT FUNNY!!"

I went to hit her, but I tripped on my bed leg and fell on top of her

on my bed. We both stared at each other eyes, the position that we're at is looking like that I wanted to fuck her. Our faces went red, I got off of the short red head and covered my face, waving my hand.

"S-SORRY!!!"
"I-It's okay...."

She got up from my bed as we both head downstairs to have breakfast. I started cooking eggs and bacon for me and Ruby. My mother taught me how to cook when I was 14, and I was getting better at it.

I finished cooking as I placed the food on the mini table in the living room. Ruby and I sat next to each other and then we began to eat.

"Wow Flower! You're really good at cooking!! I wish I can cook too."
"Maybe I can teach you how when I get back from shopping."
"You're going shopping today? Can I come too?"
"Sure Ruby! I don't want to be lonely there!"
"Yay!"

Ruby hugged me as I hugged her back. We finished eating breakfast, I grabbed my Mini Backpack that have my wallet and credit cards in it, my parents gave me my own credit card and I have been responsible to take good care of it.
It has like a 90,000 dollars in, my parents have been saving up more money for themselves and gave me some.
We went out to go to The Island Mall.

(A/N: That's the name.)

I can't believe that Ruby and I are all alone, it's like we're out on a date! I'll be sure to confess to her soon, I can't wait to have her as my girlfriend!

As we arrived, we began to shop at one of the fashion stores. I bought Ruby some Spare Clothes so that she could wear for tomorrow. The short red head girl asked me if she can leave her spare clothes in my

room in case we have another sleepover, and I said yes.

She hugged me as I hugged her back. Then we went to check out some video games in GameStop.

"You should get Little Nightmares 2! I've heard that game is awesome and I have spoiled myself at the ending..."
"Don't spoil it for me Rubster!!"
"Sorry!"
"I guess I'll get the game."
"Yay! Oh, why not buy Just Dance Games too!! My friend Sapphire Shard loves these games!"
"Sure, we can try that!"

I bought Little Nightmares 2 and Just Dance 2021 and 2022, I'm excited for the Just Dance 2023 that will come out eventually next year.

We went to the Food Court to get some lunch, Ruby and I got burgers and fries.
As we were eating, I spotted someone in the corner of my eye. Moonflower was there, in her phone. She was cleaning her pocket knife.
I froze in fear, Ruby seemed to notice.

"What's wrong Flower?"
"R-Ruby, M-Moonflower is here..."

Ruby looked to see her, she was on her phone. Ruby grabbed her food as she stood up.

"W-Wait! Ruby! Don't try to throw your meal at her face!!"
"What? No, I'm not gonna do that. Although, I wish I would...we need to move somewhere else to sit, so that Moonflower won't try to hurt you in front of the crowd here."
"Oh, um...sure."

I grabbed my food as I stood up and went to find a different seat, with Ruby following me. We manage to find a good spot so Moonflower won't find us.

"There, now she won't try to bother us."
"Thanks Ruby, you didn't have to."
"I'm doing this to protect you from her and her flower girlfriends. I don't want to see you get hurt by that freak."

My heart fluttered.

"Aw, Ruby..."

I hugged her tightly, my chest pressed against hers. Ruby hugged me back as we stayed like that for a few seconds as we ended the embrace as we ate our lunch.

I feel so very safe with her.....

---Time Skip---

It was 6pm and it was time for me and Ruby to leave The Island Mall. We exit the building as we walked back to my house just a couple blocks away from here. While Ruby and I were talking, I tripped over something.....or someone's foot.

"Flower! Are you--"

Ruby was kicked also, I looked behind to see Moonflower there. She was glaring daggers at me and Ruby, then she smirked.

"Flower and Ruby, good to see you girls again. Time for me to give your ugly face some scars and bruises."

She kicked Ruby aside and grabbed the collar of my Vomit Repelling Sweater and then punched my face, three times.
My nose was bleeding, my cheek and eye got bruises. Then she punched my mouth, I had a small scratch on my bottom lip.
She took out her pocket knife and started cutting my face, a cut on my forehead and cheeks.

I pushed her away from me and tried to run away, but she grabbed my hair and pulled me back.

"You're not going anywhere, you have to learn your lesson, Fashion Freak."

"LEAVE HER ALONE!!"

Ruby got up on her feet as she slapped Moonflower so hard, she let go of her pocket knife as it falls on the floor. Ruby hits the white haired girl's head as she starts to get dizzy, Ruby hit her head again so hard that she was knocked out.

Ruby panted as she went to help me up.

"Flower! Your face!"
"R-Ruby..."

I started crying and buried my face in her chest, hugging her tightly. Ruby pets my pink-yellow hair.

"It's okay, I'm here."

I was crying for a few seconds until I calmed down, we picked up the bags that we bought as we went back to my house, leaving Moonflower unconscious.

(Back to Flower's Home)

Ruby cleaning up the blood on my face and puts bandages on my cheeks and forehead. She grabbed an Ice Pack and placed it to my cheek gently.

"I look much more uglier.....the scars won't ever go away....."
"Don't say that!! Moonflower is gonna pay for what she did to you!!"
"I don't want you to get involved in this mess Ruby!!"
"I don't care!! Remember what I said earlier? I will always be by your side and protect you from her and her flower girlfriends with my life!! I'll keep you safe from that bitch!"

Her words really touched my heart. I began to tear up again as I cried, burying my face in her chest.
I stayed in her embrace, she stroked my hair lovingly. I wrapped my arms around her, leaning in close.

Ruby's P.O.V:

I can't believe Moonflower just did that to her.....

Once the weekend's over, I'm gonna have to have a little chat with that bitch...

Flower leans in close to me as I blushed red, I hated seeing her like this...she didn't deserve to be treated this way. I laid down on the couch with Flower on top of me. She must've fallen asleep after all that crying.

I then fell asleep, with Flower as she held me close.

Today was nice...

I get to spend time with my one and only crush that I only just met...

It feels great.

(A/N: This art isn't mine, I might make a drawing out of this later on.)

Chapter 4

Flower's P.O.V:

The weekend was over, Ruby and I were getting ready. We walked to school, meeting up with Pencil, Match, Bubble, Fanny, Snowball, and Lightning.
"Why hello Ruby and Flower!"
"Hey."
"Hi Pencil! Hi Match!"
Bubble seemed shocked to see my face.
"Oh no! Flower, what happened to you?!"
I was starting to get nervous, what do I say? I don't want them to worry! Before I can come up with an excuse, Ruby answered.

"That bitch, Moonflower. She's the one who did this to her."

Pencil and Match were shocked.
"What?!"
"OMG!!"

"She punched her and used her pocket knife to cut her skin, putting scars on her face." She angrily says. She then walked into the school, leaving us behind.
"She did not, like, hurt you too much, did she?" Match asked me, I shook my head.
"No, she didn't. Ruby was with me the whole weekend, she protected me...and I'm so happy that she saved me."
I smiled, blushing while staring at the ground, thinking about her.

"Oooh~ Does our friend have a crush on her?" Pencil teases, my face turns red.
"S-Shut up!! I don't!!"
Lightning laughs.
"See? You're blushing again! That truly means you really do like Ruby!"

My face explodes in the redness.

"Stop it!!"

Ruby's P.O.V:

I went to go look for Moonflower, I saw her by the fountain, looking in her phone. I walked up behind her and I could see she's scrolling through her phone, looking at knives and learning how to defend yourself with that weapon.

Then, I grabbed her hair and pulled it. She was caught off guard and tried to get away.
"What the-?!"
"You and I need to have a little chat...**right now**."
"Why you-hey! Let go!"

I dragged her away from the fountain. Luckily, no one was around in the halls and class hasn't started yet. I took Moonflower to the Girls Bathroom, I was so fucking pissed for what she did to the girl I love.

"Hey! Easy on my hair, my mother brushed it this morning!" She yelled, I pushed her to the wall and pinned her against it. I glared daggers at her.

"What's your problem, red head?" She asked, looking like she's about to snap soon.
"Stop messing with my Flower, you need to understand that she's changed! She's not a bully anymore!" I shouted angrily.

Moonflower rolled her red eyes, not even gonna listen to what I asked her to do.
"Why should I? I will never forgive her for what she did. You don't know what she's done to us."
My eyes glow red in anger, I didn't care what she says, I know Flower is a changed person.

"Why should I believe you? Flower is not The Flower your once knew, who you are looking at right now is the New Flower who's changed! She already learned her lesson to not hurt everyone ever

again!" I screamed.

"You don't understand what happened. She threw glitter at my favorite dress, she did the same thing by throwing mud on my other favorite clothes. She destroyed Petunia's hair color by dumping green hair dye. Daisy too gets her face painted to cover her freckles. She dumped ink all over Marigold. She puts a dead mouse inside my girlfriend's bag, Sunflower was sent home. And worst of all.....for what she did to Hibiscus, she cuts half of her pink hair and literally revealed her face to everyone. She was hurt and judged from others."

Just by hearing this shocked me inside, what if she was right? No, I shouldn't believe her! Get that away from your mind, don't think about it!

"Now you get it?"

I snapped as I slapped her, hard. I slapped her with a single blow that she hit her back against the bathroom stall. I didn't listen to her on what she said about Flower.

She hurt her....

She hurt me....

She ruined her beautiful face.....

She ruined everything.....

"Bastard....**don't EVER come near me or Flower or my friends ever again. If not, I will get Snowball to destroy your pretty face.**"

She put her hand on her cheek, staring at me coldly. I wasn't scared of her one bit, I left the Girls Bathroom, leaving her in there. I walked back to my first period class, finding Flower already there. I smiled and walked up to her.

"Hi Flower!"

Flower's P.O.V:

I was in the classroom, sitting at my desk all alone, other than a little bit of kids staring at me, I was fine, I managed to ignore their stares. Ruby suddenly went inside the school, very pissed this morning. She must be so angry at Moonflower.

Or.....

What if she's confronting her?

That question gives me shivers down my spine.

"Hi Flower!"

I yelped as I looked to see Ruby coming up to me. She then hugged me as I blushed, hugging her back.
"Hey Ruby!"
"I'm...sorry for leaving you and iance alone in the start.."
She and I ended the hug as I saw her sad face, I don't like seeing her sad face, I want to see her be happy.
"Oh, no. It's okay, besides...where did you actually go?" I asked, before the cute red head could reply, I saw Moonflower walking in, her cheek had a hand print. Her friend Daisy walked up to her, looking worried. She gave her an ice pack and they sat down, my eyes widened, then I looked at Ruby, giving her a small glare.

"Ruby...**you did not**....!!" I whispered to her angrily. Ruby raised an eyebrow.
"What? I had to confront her for what she did to you yesterday." She whispered back, I groaned.
"Honestly Rubster....I told you, I don't want you to get involved in this mess! This is all on me, I'm the one Moonflower wants!"
"Can't you see I'm doing this to protect you? I had to teach her a lesson for ruining your pretty face! I can't stand it, I don't want your beautiful face to be ruined anymore!"

My face turned red when she said that, then I looked away. We both stayed silent, I then sighed.

"Ruby....you really didn't have to do that, but thanks for standing up

for me." I pulled her in a tight hug, holding her close to me. I gently stroked her beautiful, smooth red hair. It smelled so pretty, like apples. Ruby hugged me back, burying her face on my shoulder.

The bell rings as our teacher came in, then class started.

Time Skip

Lunch time, iance and I were outside, sitting up on the Rooftop together. Pencil and Match were just busy looking at the same popular artist's Twitter.
"OMG Pence-Pence! I've heard that Neon, like, became friends with Firey!"
"Really? We gotta ask him about it later!"
Bubble rested on Fanny's lap, the girl with the blue cardigan pets her head. Snowball and Lightning were hugging while sitting.

"You guys wouldn't believe what Ruby just did...." Flower said, they all looked at me.
"Wait, like, what did she do?"
"She just had to go confront Moonflower about what happened yesterday."
Match and Pencil were shocked as they looked at Ruby.
"Did you go to beat the shit out of her?!"
"I bet you, like, teach her a lesson to not, like, mess with your girlfriend?"

Ruby and I were taken aback by what Match said.
"G-Girlfriend?!"
"N-No! W-We're just friends, I know that Ruby already has a boyfriend!"
Bubble and Fanny looked at me, so did Snowball and Lightning.
Ruby stared at me.
"Huh? Since when did you, like, get a boyfriend Ruby?" Match asked,
Ruby sighed and looked at her thighs.

"He and I didn't work things out, we broke up. He was no good because I caught him cheating." Ruby said sadly.
Hearing this pains me, I looked at her face and she looked like she

was about to cry, and I hated seeing her cry, I hugged her.
"Hey, it's all in the past. I'm sure you'll find someone special soon." I said, Ruby hugged me back.

"You two seemed cute together."

Oh no.....not her again.....

I turned around to see **her**.

"M-Moonflower?! H-How long have you been standing there?!" I panicked, letting go of Ruby. Pencil and Match stood up, so are Bubble, Fanny, Snowball, and Lightning.
"What do you, like, want, Moonflower?"
"Nothing, just came by to say hello." She glared at me and Ruby.
With a blink of an eye, she grabbed Ruby's red hair, she squirmed to get out of her grip.
"I think you need a lesson for ruining my hair and slapping me with a single blow."
Before she could hit Ruby, I grabbed her wrist and pushed her off, letting go of Ruby. I grabbed the red head's wrist and pulled her close to me.

"Leave her alone, Moonflower."
The girl glared at me, as I glared back. Moonflower got up on her feet as she charged at me to attack, I shut my eyes and held Ruby tightly in my embrace. I thought I would get hit, but I didn't. I opened my eyes to see Snowball gripping her neck, pinned her against the wall.

"Don't. Hurt. Them. Or else I'll beat you up myself!" He threatens, he grips her neck harder, almost choking her. Lightning took out his taser and used it to zap her. He did as Snowball shoves her to the ground.
"Get, like, lost, you bastard!"
"Just leave us alone!"
Moonflower had her hand on her neck, trying to catch herself some air.

"Now that I know you, I want to hurt you guys **even more**.....that **includes you**, Ruby."

With that, she began to run off, Pencil and Match threw a paper ball at her, one missed and the other hit her head lightly. I looked at Ruby, she was flustered. I was confused why she was embarrassed.
"Ruby? Are you okay?"
She snapped out of it as she nodded, her blush faded away.
"U-Um....I-I'm fine!"
I was still confused, but I brushed that off.
"Okay then."

We both stayed silent, I let go of Ruby, but she hugged me again, my face immediately went red.
"F-Flower?"
"Y-Yes?"
"I-I know we just met since the very beginning, but um.....I-I uhhh..."
"You...what? What are you trying to say?"
"I-I wanna say that...I lo-"

The bell rang, I groaned, literally didn't want to go to my next class because Marigold and Daisy are with me in that class.
"I hate it when the bell rings! I hate going to my next class!" Fanny yells.

"Okay, you guys are gonna be working together in groups of Three!" Mr. Two said, I sighed.

"Now I will reveal the groups! Group 1: Daisy, Marigold, and Flower. Group 2: Microphone, Necklace, and Needle. Group 3: Chainsaw, Marble, and Sword. Group 4: Cotton, PomPom, and Nail Polish. Final Group: Firey, Leafy, and Coiny. Please work together nicely and don't cause trouble."

"Oh no.....Chainsaw...." Marble shivers in fear, Chainsaw stared at him with a smile on her face.
"....."
"Chainsaw, knock it off."

My eyes widened in fear, I can't believe I'm working together with Marigold and Daisy. Then I raise my hand.
"Can I switch groups?"
"Sorry, but you can't. You, Daisy, and Marigold are like a group of flowers ya know?"

Mr. Two chuckled at his joke as I slammed my head on my desk. Once we're in our groups, I have to stay quiet and not work with Daisy and Marigold.
"Oh....um, hey Flower."
"...hiiiiii.....?
"Marigold, remember what Moonflower said? We can't trust her."
Marigold looked at her as she had her head down.
"Oh, right..." She sighed, I'm guessing that something's wrong with those two.

"Is there something wrong Daisy and Marigold?" I asked nicely. They ignored me, I tried again.
"Is there something wrong Daisy and Marigold?"
"Flower, we can't trust you. Please don't talk to us." Daisy said, I was forced to be quiet as Marigold answers me.

"Nothing, it's just.....Moonflower was being to harsh on you. I can see that you've changed, and it doesn't feel right that's she's trying to hurt you back." Marigold said, feeling down. "She forced us to not talk to you."
I was happy inside that Marigold finally saw that I've changed. Daisy sighed and admitted it too.

"Yeah, she forced us to not talk to you. I'll admit that you've changed." Daisy said shyly. I'm happy that Daisy saw I changed too. And so, we grew closer and closer until the bell rings, it was time to go home.
"We have to keep this a secret, I don't want Moonflower to find out. Otherwise, she'll be pissed off."

We made a promise to each other to keep this secret, Daisy and Marigold finally started being nice to me. I was happy, my life is gonna change. I can't believe it. Could this mean that Petunia, Sunflower, and Hibiscus would see me that I've changed too??

"Marigold, Daisy. I'm uh.....sorry for treating you before, I was being selfish and mean. I hope you two can forgive..." I said, they both smiled.
"It's okay, it's all in the past anyways."
"Yeah, we could forget about that."

We parted ways as I went to go meet Ruby. I was so happy that I became friends with Marigold and Daisy!! I see her at the entrance of the school, I ran behind to hug her by surprise.

"Hi Ruby!"
"Gyah! Flower, you surprised me!"
"Can I come over at your place?"
"Sure! You can come!"

Ruby and I began to walk to her house, Ruby began to held my hand, I blushed but I kept my cool. I wonder what her house is like. I bet it's pretty.

We arrived at Ruby's house, I was amazed by house beautiful it was.
"Wow...Ruby. Your house is so pretty than mine!"
"No, your's is pretty than mine!"
"No your's Rubster!"
"No your's Flowey!"
We both laughed as we went inside. We were greeted by Ruby's mother.

"Welcome home Ruby!"
"Hello mom! This is Flower, the girl I told you about!"
I shyly waved hello.
"Ah, Flower! My daughter told me a lot about you!"
"Hehehe, really?"
"She does worry about you a lot sometimes."
"Huh? She does?"
"Mom! Don't!" Ruby whines as her mother giggled.

She welcomed me in.
"Come on in Flower for a cup of tea!"
We both took off our school shoes as we went inside. I let go of Ruby's hand, but she grabbed it again, I blushed a bit and then glanced at her, I saw her blush.

She's blushing?! Does that mean she likes me?! I thought.
"R-Ruby?"
"I wanna keep holding hands Flower....please?" She looked at me with those pretty red eyes, my heart felt like it got stabbed.
"S-S-Sure." I replied, we both sat on the couch as her mother came back with the tea.

She noticed us that we're holding hands.
"Oh my, you two looked so cute together!"
We both blushed hard, then we let go.
"Ruby, if you're a lesbian, I don't care. Since your boyfriend, Glass Shard, cheated on you with your best friend, Sapphire Shard, I don't mind you getting a girlfriend." She said, Ruby and I are still blushing, but I remember that Ruby said that she used to date this Glass Shard guy.

"Sapphire Shard is just an old friend, so now we don't talk to each other anymore. It broke our friendship, same thing with Glass Shard." She sadly said, I felt bad for her about her past with them.

I pulled her in for a hug, she squeaked.
"I'm sorry you had to go through this, I just can't believe he just did that to you." I said, holding her tight. Ruby starts crying as she hugged me back.
"F-Flower....."
"It's okay, it's okay."
I put my hands on her face as I wiped away her tears. I caress her soft cheek, staring into her eyes with love. She blushed as I booped her nose with a smile.

"Aw, you two really are a cute couple!" Her mother squealed, we both ended the hug and looked away. Ruby's mother handed us the tea as we drank.

Ruby and I had fun together, until it's time for me to go home.
"Flower, there's something I haven't asked you. Where are your parents? Are they home?" Her mother asked me, I looked at her as I shook my head.
"My parents are overseas, so I'm home by myself. It's okay, I know how to take care of myself!"
"Oh, it must be tough that you're home alone. It'd be nice if Ruby can

stay at your place when you two start dating or get married."

My face turns red.

"Bduusgfyjsbdjeijsbdjd, N-NO!! WE'RE JUST FRIENDS!!!"
"Oh, you're so easy to tease!"
Her mother laughed, I groaned.
I grabbed my shoes and put them on.
"All set to go?"
"Yeah, I'm all set ma'am."

"Flower! Wait!"

I saw Ruby running down the stares, she slipped and was about to fall and get hurt, but I caught her just in time. My back lands on the floor, we were at the pinning position that looks like she wanted to fuck me, we both got off of each other as we stood up.

"S-Sorry! I-I should've been more careful!!" Ruby said, covering her red face, I laughed awkwardly.
"It's okay Ruby! Just be careful next time! A-Anyways, I'll be on my way!"
I turned around to leave, I felt a pair of arms wrapped around my waist. I blushed hard again.

"Stay safe, okay?" Ruby said, I smiled.
"I will Ruby, I promise."

We both hugged each other as I left. Her mother was so kind, yet she can be a tease to us sometimes.

I arrived home at last and then got my new pajamas on, and then went to bed.

Chapter 5

A/N: SHORT NSFW WARNING IN THE STORY!! Also, don't mind me putting some face expressions of anime because this story is a BFDI Anime AU. If you'd like to see my Art Book that has my Human Versions of BFDI, go ahead and see, I have a little bit of this ship actually.

Third Person's P.O.V:

The next day, Ruby and I were at the school fountain. Ruby was just scrolling through her phone, we were both meeting up with Match and the rest. They seem to take quite a long time to get here....I wonder why.
"What's taking them so long?"
"I don't know Flower, Match and Pencil were never late, so are Bubble, Fanny, Snowball, and Lightning. Oh wait, I bet Bubble and Fanny are having their little "Session Time"~ Oh, and the same thing with Lightning and Snowball."
I have no idea what she's talking about until I think of the dirty things in my head of what they could be up to. My face turns beet red just by thinking about it.
"Pencil and Pen are doing the same thing, the same thing with Match and Eraser."
"Quit making me think about that."

Ruby laughed as I laughed along too. Just as we were talking, a pale white girl was standing in front of us. Ruby and I noticed her as we got startled. I recognized her, she's the girl in my class who always smiles in a creepy or scary way. She was in my English Class yesterday with the Grouping thing.
"Oh, um.....Chainsaw. Could we....help you?" I asked, she just stared.

"....."
"If you're gonna stare at me and Ruby all day, then say something."
"....."
Chainsaw kept staring at us, her hands behind her back. This made me and Ruby feel a bit uncomfortable.
"I-If you have no p-problems to ask us, t-then y-you should l-leave." I said, she still stood there. She kept on smiling at us, and it's creepy.

"U-Uhhh, w-we'll j-just be on our way then. C-Come on Ruby." I grabbed her hand as we walked off.
"Um, right."
Just as we were about to leave, she popped up in front of us.
"Gyah! H-How'd you get here?!" Chainsaw's starting to scare me. Her eyes widen with that smile of hers.

(A/N: Chainsaw was born with Taki's face, but she's a human, not an alien. She looks like them, but she's nothing like Taki. Just letting you know that she's my Oc who refrences as them.)

She leaned in closer to our faces.
"W-Why are you staring at us like that?! Y-You're c-creeping us out!"
Ruby hugged my arm, we both stepped back.
We were cornered.....

She took out a knife that was in her hands.

"C-Chainsaw.....?!"

"あなたが私の最愛の人に触れたら、私はあなたを殺すつもりです。"

Moonflower's P.O.V:

I'm at the school entrance, changing my school shoes. I was just thinking about that Ruby girl who was defending my past bully. That red head.....I won't forget what she and her friends did to me yesterday. I would have to go find her and teach her a lesson later at lunch time. I went to sit at the fountain until I saw Chainsaw already there, in front of Flower and Ruby. They were cornered, I slowly walked there and hid behind a tree, wondering why she was staring at them like that. Ruby and Flower were getting scared of her, I saw Chainsaw take out a knife from her pocket. My eyes widened, I wanted to stop her, but something made me not trying to do that.

Could this mean that she'll get revenge for me? I don't know her much, but I have heard about her. No, there's no way she could try to kill her.....I'm the only one who is supposed to get revenge on Flower and iance. I stood there, watching Flower and Ruby. I enjoyed watching them getting scared, I really like it, I love to see Flower being in fear. She'll be even more scared of me than Chainsaw.

Chainsaw raised the knife up, looking like she was ready to stab them to death. Ruby and Flower hugged each other, those lesbians are fucking cowards that they can't even stood up for themselves or each other.

"あなたが私の最愛の人に触れたら、私はあなたを殺すつもりです。"

I was born in Japan, so of course I understood what she was saying. She said: "I'm gonna kill you if you touch my beloved."
What I mean by that, is because she saw her crush talking to Flower in Science Class. I saw she smiled and winked at him as she walked off.

I did.....see Chainsaw behind, getting jealous.

Flower are Ruby are such weaklings and pathetic, they're too weak to run away or fight back, I just stayed there, watching what she'll do next.

Then, a silver-haired boy grabbed her wrist, stopping her.

"Chainsaw!! What were you thinking of bringing that to school?! Do you know how the teachers would feel if they spotted you carrying it around?!"

Oh great, Sword just came in to the rescue.

He scolded her for bringing such a bad object to this school, although, she seemed to ignore his scoffing and complaints. I scoffed silently as I walked away. It would've been amazing if Chainsaw here would kill her already, but I guess I'm wrong...

I'm not gonna bother talking to Flower anyways....

I'm the one who's gonna kill her.

Sword's P.O.V:

I was waiting at the school entrance, waiting for Chainsaw to come. I've always liked her, she had pretty black hair, and a cute face. I honestly don't care if her face wasn't like the others, her eyes are just only black lines, her mouth was always black, and her skin was just born pale white. She's not really sick or anything like that, she's just....born this way.

She told me her story that she was raised at a Church, those people who work at the church taught her to be a good girl and be on God's side. What's scary is that she told me that she saw someone getting murdered at the parking lot when she was playing at the garden, she thought that she could get something dangerous to protect herself from the bad people.

I don't think that's necessary.....

I'm the only one who can read her mind and understand what she's saying, even talking in Japanese, and I'm actually teaching her English. She has tried speaking it a little bit, we had those great times.

I sighed, thinking that she's not coming. I went to the school entrance. I took my shoes off and replaced them with my school shoes. I walked to the fountain, I see Moonflower by the tree, smirking, as if she's watching or stalking someone.

I looked to where she was looking at, to my surprise, Chainsaw was already here early.
But then, I saw her holding.....

A knife?!

In front of Flower and her red head friend!!

They're both very scared, Chainsaw raised the knife up, ready to kill Flower. I ran to Chainsaw's side as I grabbed her wrist.

"Chainsaw!! What were you thinking of bringing that to school?! Do you know how the teachers would feel if they spotted you carrying it around?!"

(A/N: This is her expression when she hears or notices something or someone calling her.)

Chainsaw heard me as she looked at me with a smile on her face. As usual. I took the knife away and scolded at her for bringing this here. She wasn't allowed to bring any knifes or sharp weapons to school.

"Apologies for what my little friend here who is about to murder you two. She's always like this and I just have to deal with it. Anyways, later!"

I dragged Chainsaw away as we went to our class.

Flower's P.O.V:

That guy.....just saved me and Ruby. Has Chainsaw always been like this??? Oh, brush that off, I don't wanna know.
I tried to end this embrace with Ruby, but she hugged me again.

"Wanna cut classes again? I just wanna be with you."
My face turns red, my best friend and crush wanted to stay with me!!
"Sure, let's go."

When the bell rings, Ruby and I headed up to the Rooftop again. Ruby already texted the others that they're cutting classes too. They don't bother coming along, so it's just me and Ruby.

We sat outside, looking at the beautiful view. I could see a the neighborhood and the park from here. Just as I was enjoying the breeze, Ruby rested her head against my shoulder.
I started to blush even more pink, and also freaking out inside, she so cute!!!

"R-Ruby, w-what are you doing??" That's all I could manage to say. She didn't say anything, I looked to see that she was sleeping on my shoulder, probably the lack of sleep. She hugged my arm and hums cutely.

My face is very hot because of the embarrassment and happiness. I'm glad that I was with my one and only crush. We have been friends for months now! Could this mean that I can be her girlfriend one day?! Could she confess to me first or I should? I don't know!! Who knows if one of us could confess first!!

"F-Flower....." I heard Ruby talk in her nap, I looked at her.
Is she dreaming about me?? What is she dreaming about me for? I thought in my mind. That's when something unexpected happened.

"A-Ah~ F-Flower, n-not there~" She was fucking moaning my name is her nap.....my face turns red. I am screaming inside!!! I felt her hand on my face, she pulled me in for a kiss.

WHAT THE FUCK?! SHE'S KISSING ME, EVEN WHEN SHE'S LIKE SLEEP WALKING!!! SHE'S KISSING ME IN HER SLEEP!!! AAAAHHH-

This isn't my real first kiss actually, surely.....Ruby is not gonna remember when she wakes up. She slipped her tongue inside mine as we fight for dominance. My hand slowly began to go underneath her uniform and grab her breast. She squeaked as I continue to squeeze it. She was moaning in her sleep, so she won't know that she kissed

me.

I moved my hand away from her boob as I went to go rub her thighs, still kissing. She starts moaning while kissing me. I felt her hands grabbed my big breasts as I hummed in pleasure.

I snapped back in reality as I pulled away from the kiss, blushing heavily. She stopped groping my breasts as she hugged me again, still taking her two hour nap. I breathed slowly, but this feeling.....when she kissed me in her sleep.....

That felt so hot.....

I wish I could just play with her body one day.....I want to devour her lips, as in a kissing way, I wanted to touch her.....I wanted to bite her soft, smooth skin.....so many dirty and sexual thoughts in my head....I want to buy some sex toys so I can mess around with her.....this feeling is so amazing!!!!

And....this is not our first sex.

Maybe it's best to tell her when she wakes up.....should I?

Time Skip

The bell rings, Ruby just woke up from her two hour nap, I was just busy scrolling in my phone. I still can't stop thinking about this pleasuring moment about what happen.

No, it's best to not tell Ruby about this.....if we start dating, I'll tell her.

"Oh, Flower!" She hugged me again, I hugged her back.
"Had a nice nap Ruby?"
"I sure did, now, wanna go home? I see a few kids going home right now, we don't have 9th period anyways."

"Sure, let's go before we get caught."

Ruby and I manage to get out of the school, none of the teachers notices us. What a relief....Ruby and I walked to my house, Ruby's mom just said that she can come visit my house whenever she wants without permission.

Later on in the afternoon, the sun was setting. We arrived to my house and got changed to our clothes.

"Today was fun! I had a nice nap due to my lack of sleep today."
Ruby laid on my bed as I sat beside her.
"Yeah, it was fun."
I began to yawn, starting to feel tired about today and with this Chainsaws trying to kill me incident.

"Flower, are you tired?"
"Yeah, I'll just take a nap."
"Okay."
I laid down and took a nap.

Ruby's P.O.V:

I watched Flower sleep. She looked so beautiful.....I wish I could just.....no! She'll think it's weird!! Maybe.....she won't know when I try to kiss her lips?

I leaned in close as I lightly kissed her lips, just as I was about to pull away, I felt a pair of arms wrapped around me, pulling me close.

Flower kissed me.....in her sleep.....and it felt so good.
I didn't react or anything. I was just freaking out inside. The girl I always loved, kissed me.....

This isn't my first real kiss actually.

She shoved her tongue in my mouth as I let her explore. I moaned in the kiss as I felt her hands starting to move to my hips, she squeezed my thighs as I gasped lightly, not waking her up. Her other hand

went to touch my breast.

This sensation.....
This pleasure.....
This feeling.....

It feels.....so....good....

She slipped off my panty and starts playing with my wet clit. I moaned a bit louder as she moves her fingers slowly. She flipped me over and she's on top of me.....

STILL IN HER SLEEP!!!

The way she plays with my body.....I fucking loved it so much. I wish I could date her and then wish she could touch me like that. It felt so good....I really wanted this.

Sleeping Flower moved her fingers in my area faster as I moaned, she pulled away from the kiss, again, it's not my real first kiss, she began to bit my neck. I moaned softly by how good this feeling felt.

She moved her hand and touched my curves. It felt so good, I never wanted this to end.....

I was close to my climax, she plays with my clit more moments later as I came. I panted as she pulled her fingers out...

Still in her sleep.

I slowly pulled up my panty as Flower held me close. What she did to me, I loved it so much.

This isn't our first sex.

I began to feel sleepy as I cuddled up next to Flower, feeling very happy.

Flower's P.O.V:

I woke up to find out that it's dark and night here and outside. I felt my fingers that are wet, I don't know how they're wet, but then I wiped it off. I heard breathing, I remembered this apple scent, I was hugging Ruby. She had her arms around my waist.

I was freaking out inside and my chest felt like it got stabbed with love!!

I smiled at her as I held her close to me again, going back to sleep.

Chapter 6

Flower's P.O.V:

I woke up the next day to see Ruby snuggling me. I smiled and caressed her cheek, I turned around to get up, then screamed.

Chainsaw was there by my window, staring....with that creepy smile on her face. Ruby woke up and yelped to see Chainsaw, she hugged me as I held her close.

"やっと見つけた...フラワーとルビー。"

I didn't understand what she was saying, just as she was about to open my window, I heard a shout that I recognized.
"CHAINSAW, WHAT ARE YOU DOING UP THERE?! GET DOWN HERE!!"
Chainsaw got startled as she left my window, I looked to see that Sword was there, he kept scolding at her, Chainsaw ignored him as usual. Then they walked off, I sighed in relief.
"Phew, I thought that she was gonna kill me. HOW DID SHE KNEW WHERE I LIVE?!"
"I think she must've followed us home, ugh, what a stalker she was."
"Yeah...let's just get to school."

We got ready as we went to school, I saw Match and Pencil there. There she is again, Chainsaw....she was giving them a stare, a creepy stare.
"Um, can you, like, leave now?" Match asked Chainsaw politely, the black haired girl just didn't move and just stared at them.
"Girl, move. If you have no problem with us, then you should just leave."
She stared at them up close to their faces, Match and Pencil were getting creeped out.

"あなたは私の愛にウィンクしました、私はあなたを傷つけます。"

Just as she was about to strangle Match with her bare hands, Sword came to the rescue once again.
"Chainsaw, I told you to stop doing your murder spree!! Let's go meet up with Bumblebee and Mermaid!!" He groaned, dragging her away from Match and Pencil. Ruby and I went up to them.
"Omg, that Chainsaw girl is, like, creepy as hell. I didn't even, like, get what she was saying!"
"I can understand her. She saw you winking at that Sword guy and she was gonna hurt you." Pencil said, Ruby and I perked up.

"Oh, yeah. She somehow found out where I live." I said, Ruby just hugged me.
"I thought we were gonna die by her!"
"Hey, Ruby. It's okay, no need to be scared. You have me."
Match and Pencil noticed us hugging.
"Ooh~ Are you, like, protecting your girlfriend, Flower?" Match teases, we both blush and let go of each other.
"W-WHO SAYS SHE'S MY GIRLFRIEND?!"
"Y-Yeah! W-Who asked if we're d-dating?!"

We headed inside our classes, Ruby and I kept seeing Chainsaw staring and creeping the other students out. Even to Snowball and Lightning, so are Bubble and Fanny. Fanny just screamed at Chainsaw for being stared at, but the black haired girl just gave her a scary look like: "I'm gonna kill you if you screamed at me like that." Fanny was taken aback by this, and then walked off with Bubble.

At lunch time, she was staring at some mean girls too, they were trying to beat her up, but she kept dodging and just poked their eyes out, very harshly. Sword kept coming and coming to the rescue, and Chainsaw still ignores his complaints. In the next classes, she continued doing this for a while, then she was staring at Bubbles huge boobs. Bubble was starting to feel uncomfortable and covered her chest, Fanny witnessed this and shouted at Chainsaw for creeping out her girlfriend. Chainsaw ignores as always as she walks off.

After school.....

She was staring at the pretty girls, popular girls, and shy girls. She is always making eye contact with them, and they get creeped out. Ruby and I began to walk away, keeping our distance away from

Chainsaw being an absolute stalker and creep.

"Well, today was strange. With Chainsaw around, being creepy to everyone in the whole school...am I right Ruby?"
"Hehe, yeah...Flower?"
"Yeah?"
"Can we go to the beach? There's something I wanna tell you..."
"Oh sure!"

As we were talking, I bumped into someone. I quickly apologized.

"S-Sorry, I'll be careful next time!"

Just as I looked at the person, Chainsaw was there....glaring at me with that same smile as usual. She looked angry while hiding it with a smile. Ruby stayed behind me as I protected her.

"Chainsaw what do you want now?"
"....."

She stared at me, her face moving up close to mine. I started to sweat a bit.
"I-If you have no problem with us, you need to leave!" I said, stuttering.

"フラワー、ソードは好き？"

Ruby and I didn't understand what she said, we raised our eyebrows, confused and didn't understand. She clenched her fists in anger.

"もう一度やり直します、ソードは好きですか？"

"C-Chainsaw, I have no idea what you're talking about. Y-You need to leave, we don't want any trouble."

"認めて、あなたは彼が好きですよね、フラワー？"

"Chainsaw, what are you saying?! I'm really confused right now, do you have a problem with me?!"

"私はあなたが私の最愛の剣にウィンクしているのを見ました。絶対に先輩に近づかないでほしい。"

I can't even understand her Japanese language. She was starting to get mad.

"ああ、あなたは彼が好きですか？ぶっ殺すぞ。"

"W-What?! What are you saying?!"

She took out a knife as I screamed, holding Ruby closer to me. Chainsaw was about to kill me, I was ready to get stabbed, but I didn't. I opened my eyes to see Moonflower there, gripping on Chainsaw's wrist tightly.

"....."
Chainsaw began to get nervous.
"ムーンフラワー？！"

Then, Sword walked by to see her holding a knife, the silver haired prince facepalmed.

"Seriously?! Again?!"
"....."
"Again!! Chainsaw, I swear to god, stop trying to murder your classmates!!"
"彼らはあなたを見ていました..."What do you mean they were staring at me?!"
"他の女の子はいつもあなたをとてもロマンチックに見ていました..."
"Really? No, they weren't. They were just thanking me for helping them, I don't have feelings for them, okay?"
"彼らはそうではありませんでしたか？"Ugh, yes. Now let's get going already to see a movie...I apologize, Flower and Ruby. Chainsaw's always been like this." Sword sighed and looked at me and Ruby, apologizing for not keeping an eye on her.

"Oh, it's alright Sword. You may leave now."
"Thanks."

And with that, Sword walks off with Chainsaw being dragged. Moonflower was staring at me with those cold eyes of hers.
"U-Um....thanks for helping us Moon-"
"Don't thank me. Don't forget that I'm still going for my revenge on you. I still hate you for bullying me in the past. The only person who

is going to kill you.....**is me....no one else is gonna kill you besides me.**"
I shivered, letting go of Ruby.
"You too, Ruby. I'll kill you too if it's the last thing I'll do."

And with that, Moonflower walked off. I began to cry about Moonflower wanting to hurt me so badly. Ruby hugged me as I stopped crying.
"Flower, please remember I'm here. I will always protect you from Moonflower. She ruined your pretty face, but please remember! You're not ugly, you're beautiful." Ruby said to me, my heart was beating so fast, this feeling of love.

"Can we go to the beach?"
"Yeah, let's go."

We walked to the beach to watch the sunset, we enjoyed the sound of the waves hitting the rocks that were nearby.
"The sunset is pretty, don't you think?" I asked Ruby, she nodded.
"Yeah, it is beautiful. Just like you."
I blushed when she said that, I fiddled with my fingers shyly.
"Aw, thanks Ruby...I think you're beautiful also."
Ruby began to squeal as she hides her face with her hands.
"Aw, Flower! Stop it!"

We both laughed as we stared at each other's eyes.....we never wanted to break eye contact. Ruby's beautiful ruby eyes stared at my pink eyes. Her red hair was blown gently because of the wind around us, my pink-yellow hair was blown too.

"Flower, there's something I wanna tell you...."
"What is it?"
"I-I um.....I know that we were friends for a very long time and it's been like several months! A-And....." I could see that she was starting to tear up, she was blushing so hard, I was starting to get worried.
"Ruby, what's the matter? Are you okay?"
"I-I'm fine! It's just that.....t-that I uh....!!"
"W-What? W-What are you trying to say?!"
Ruby held my hands, she then looked at my face.

"What I'm trying to say is that I.....I-I...I..."
"Y-You...what??"

We stayed silent, what Ruby next next in a few seconds later made my heart melted.

"I'm in love with you Flower. I've loved you ever since when I saw you crying, because of Moonflower. She wanted to hurt you so badly, and I just wanted to stay with you and protect you from her. And I wanted to show how much I loved you by doing this sort of thing! I will protect you with all of my power, and keep you safe from Moonflower. What I'm trying to say.....

I love you Flower, please go out with me!"

Then.....this happened.....

Chapter 7

A/N: HERE WE ARE PEOPLE!!! THIS IS A SMUTTY CHAPTER!!

GET READY!!!

LEAVE IF YOU'RE UNCOMFORTABLE!!

Flower's P.O.V:

I couldn't believe my eyes.....

Ruby confessed to me that she loves me....

She kissed me.....

I just didn't do anything and I never wanted this kiss to end...

The girl I have a crush on loved me.....

She pulled away and looked away, tears streaming down her cheeks.

"I-I get it.....y-you don't feel the same....." She began to whimper, I just didn't know what to say. I took a deep breath.

"Ruby, I love you too. You've saved me from Moonflower and helped me with everything. Of course I'll go out with you." I said lovingly.

Ruby looked at me as she wrapped her arms around my shoulders, kissing me again as I kissed her back. I pinned her against the wall, lifting her legs. Ruby was moaning as I slipped in her mouth and she

messed with mine.

Then we pulled away, a string of saliva was formed between our tongues.

"This is our first real kiss."
"You think so?"
"Yeah."

Then we kissed again, deeply.

We swirled our tongues in our mouths, Ruby moaned so cutely, I really liked it. We pulled away and stared into each other's eyes with love and lust.
"F-Flower.....?"
"What is it, my little gem?"
"I want you to make me yours~ Please~"
When she said that with that whiny moan of hers made me blush so hard, I pressed my forehead against hers.
"Are you sure?"
"I'm sure~! I want you~!"

I grabbed her hand as we walked back to my house. As we arrived, I shut the door and locked it as I kissed Ruby deeply again, pinning her against the wall. I moved my hands to grab her thighs as Ruby moaned more, we stopped kissing as I moved down to kiss her neck, I don't bother leaving marks, I wanted everyone to know that Ruby is all mine.
"Ah~! F-Flower~"
I found her sensitive spot, I bit that spot with love as Ruby hugged me tightly. I lifted her legs as she wrapped them around my waist, I

walked up to my bedroom while I carried Ruby, still making out.

I pinned her down on the bed as I stripped off her uniform, leaving her skirt on, and I took her bra off, I then began squeezing her breasts as Ruby arched her head.
"F-Flower! Y-You're so good at this!"
I leaned down, sucking on her tits like lollipops, she moaned even more.
"Ah~! Flower~!"
I blushed hard when I heard her moan my name like that. I continued to lick them while she moaned out my name. That's what I like to hear, it was so cute and beautiful.

Then, I pulled away and stared at her lovely body. Then I began to take off her red panties, leaving her skirt on. I then began to lick her clit, she let out a surprised moan.
"O-Ohhh~!"
"You like that, red head bitch~?"
"Y-Yes, I love that~!"
As I licked it, she was close to her climax.
"Ah~! F-Flower~!"
She came into my mouth as I swallowed it all, I licked my lips.

"We're not done yet Ruby. How about if I make you feel even better?"
Ruby blushed hard when I tease like that. I then went to my drawer, revealing my collection of Sex Toys. I've been keeping them a secret away from my parents and they haven't noticed.

I grabbed a dildo and showed it to her, her face exploding with the redness. She looked so cute like that.
"Let me stretch you up so I could put it in."
I then slowly slipped my fingers in her pussy, then she moaned even louder.
"Ahhhh~ I-It feels so...good~!"
I then inserted another finger, and then another. She was making so many noises that are so cute! I just wanna hear more of her beautiful moans.

I put the dildo down as I grabbed her boob again, groping it. I took my skirt off and my panties off, I left my school shirt on, I put on the dildo, and then slowly inserted it inside her pussy. I then began to

thrust slowly, hearing her moan more. I put my hands on the back of her head, making her look at me, I stared at her eyes with love and lust. I then began to kiss her deeply while thrusting. She moans in the kiss and she kisses me back, wrapping her arms around my neck.

"Mmm~"
The way she moans, it was beautiful. I thrust in her faster, and she began to moan more. I could feel myself getting wet also. Ruby began to move her hands to touch my bigger breasts, I moaned a little. She then began to lift up my school shirt and took it off, she then took my bra off and started messing with my chest.

I pulled away from the kiss, I stared at her eyes as I continued to thrust in her.
"Does this make you feel good~?" I asked, she only nodded and couldn't say anything.
I pounded her faster as she began to moan loudly.
"F-Flower~! I'm g-g-gonna.....!!"
She's close to her climax, I shoved the dildo inside her so deeply and did the same motion over and over again.
She arched her head back, I stared at her breasts that were bouncing up and down. I then grabbed them with my hands as I squeezed them.

"I-I'm....c-cumming!!!"
"Do it baby~"
Then....after a few thrusts, I did one last final thrust, Ruby came hard on the toy, I came a bit as well. My bigger breasts are pressed against hers, I pressed my forehead onto hers, we were out of breath.
I moved a bit of her red hair as I stared at her cute face.
We smiled as we both kissed again deeply.

"I love you Flower."
"I love you too, Ruby."

I pulled the dildo out and took it off, I laid next to Ruby, holding her close. I pulled the blanket to tuck ourselves in as we went to sleep.

This was the best day of our lives.

A/N: Okay, the next chapter will be coming soon. As soon as ideas will come out of my brain soon.

Chapter 8

Flower's P.O.V:

The next day.....

Ruby and I had woken up.

"Morning, my love."
"Morning Flower."
We shared a kiss as Ruby wrapped her arms around me. We got up and got dressed for school. We both walked as we met up with iance.

"Well, well, well, if it isn't Flower and Ruby!" Pencil and Match noticed us holding hands.
"You two, like, finally became a couple! Did you guys have, like, you know what?"
I was about to tell them off as Ruby answered her. Come on...

"Oh, we actually did fuck."
I was so embarrassed when Ruby answered her with a smile on her face. Pencil, Match, Bubble, Fanny, Snowball, and Lightning were very shocked.
"She was top and fucked me so hard that I couldn't help it. It was so hot that she almost broke the bed." Ruby continued, the others were trying not to laugh.

I heard a small giggle when she looked behind to see a black-haired girl wearing a cap, she had blue and purple eyes, she noticed me staring at her, she acted like she didn't hear anything as she walked off.

"That girl looks familiar...." I muttered, Pencil and Match heard me.
"Who's, like, familiar?"
"That girl wearing that cap, does that cap look familiar to you two? Ya know, when you two guys never stopped talking about this one

artist online?"
Match and Pencil looked at the girl, who took her cap off and put it in her bag and put on her school shoes.
"I don't find anything familiar about her-" Pencil was interrupted when Match covered her mouth.
"Hold on, she, like, does look familiar!! Could she, like, be the artist on Twitter? I could tell because of her profile picture!"

The girl must've caught us staring at her as she ran off.
"We have to follow her! We should see if she IS the artist that we talked about."
Match and Pencil ran off to follow the girl.
Ruby and I went to our first class, and when we entered, we're surprised that none of the kids in class weren't looking at me anymore. None of them were talking about me being the bully anymore. Daisy and Marigold must've told them about me that I have changed. Ruby and I both sat at our seats. I gave Ruby a kiss on the cheek as she giggled.

"Flower, stop it!" She said teasingly. I then gave her adorable face with so many kisses. She tried to push me off, but I held her tightly. I kissed her neck and then bit it to mark her. She moaned silently as I continued to bite her sensitive spot, touching her thighs. I stopped as I booped her nose, Ruby was being so cute as she covered her face. I laughed lightly as I hugged her, nuzzling her neck.

"Flower!"
"You're so cute, Ruby! I couldn't help it!"
"Yeah, but not here! Everyone could be watching!"
"So?"

A few kids took a peek that we were just giving each other kisses. Some snickered, and some just ignored them or were disgusted by couples in school.

"Flower, that's enough! Hehehe!"
"No, you're so cute!"
"Nooo!"
Ruby whined playfully as I nuzzled.

The teacher came in, the kids were in their seats, Ruby, and I stopped

playing around with too many kisses as they focused on our school work.

TIME SKIP TO LUNCH

Moonflower's P.O.V:

I was sitting at the cafeteria with my flower girl friends, I was talking to them about Flower. I told them that I caught her giving kisses to her girlfriend.

"Aw, that's cute. They seem happy together." Sunflower, my girlfriend, said with a smile.
The other girls agreed with her.

I still despise her, I will punish her for bullying me in the past.

I have to think of a plan to destroy her...

Flower's P.O.V:

After the previous classes, Ruby and I headed to the girls' bathroom. I pinned Ruby against the wall as I kissed her deeply. The cute red-head moaned in the kiss as she wrapped her arms around my neck, and my tongue swirled with hers. I lifted her legs and rubbed her thighs. She wrapped her legs around my waist, and she moaned hotly, but softly so that none of the kids in other classes could hear. I then roughly kissed her neck, I moved my hands under her shirt and squeezed her boobs.
"Hnnnnggghh, Flower~"
"You like that, baby?"
"Y-Yes I do~!"
"That's what I like to hear~"
I started purring in her neck and squeezing her thighs.

-After they make love again-

Ruby and I panted when we finished up the final touch of our love, and we both got our school uniform on. it's a good thing no one came to the bathroom because no one uses it. As we came out, we felt buckets of water poured on us.

I growled angrily, knowing who did this. Ruby seemed confused, thinking why would these buckets of water appeared out of nowhere.

"BLOCKY!! WOODY!!"

Both of the boys started laughing as I threw the buckets at them, I missed as they both ran away.

"You lesbians got pranked!"
"Yeah!"

Those boys pissed me off, they must've heard Ruby moaning when I was fucking her in the bathroom privately, and put the buckets up there as we got out. I groaned, our uniforms were soaked. From the corner of my eye, I see Chainsaw looking at us, she must've witnessed the prank that Woody and Blocky had set up.

"What are you looking at?" I asked, Ruby hides behind me, thinking that Chainsaw might murder us. She came out of the corner of the wall and gave us a bag, I looked to see the extra uniforms for me and Ruby. This is the first time that she did something very nice, Chainsaw gave us a smile and walked away. We just stared at her, then we both smiled.

"This is the first time I see Chainsaw doing something nice."
"Yeah Ruby...she must've seen us get pranked by Woody and Blocky. How did she get the uniforms so fast?"
"Who knows. Want to plan our revenge on Blocky and Woody?"
I looked at Ruby as I smirked.
"Oh, we're doing it alright? Let's get Chainsaw to help us."

And so, we begin our revenge on Blocky and Woody.

They prank us, we prank them back.

-Time Skip to after school-

We've set up the revenge for Blocky and Woody for soaking us. We were holding pies, and we both nodded to each other. I took a small peek so no one could see me, I saw Blocky and Woody walking out.
"Oh? So you got a date with Teardrop?"
"Yeah!"

"Heh, well, I got mine. Taco is my bitch."
As soon as they got close, I screamed out.

"NOW!!"

They both looked as Ruby and I slammed the pies to their faces as we ran off.
"FLOWER!! RUBY!!"
They tried to come after us, and then they tripped.
We stopped running and looked back, they tripped on a rope that Chainsaw had set up for us.
They both got up and tried to get us, but then, two buckets of water were poured on them. The water washed away the cream, they both just stood there, staring at us.

"That part wasn't us, it was Chainsaw's." I mentioned.
They both heard her giggling, they looked behind the tree. She was there, smirking at them while giggling.
Woody was getting flustered when he saw Chainsaw. The girl pressed a button and a cardboard was lifted up from the bush, showing the color gray. He screamed and hugged Blocky, Chainsaw starts laughing as we laughed too.

"You pranked us, so we did it back!" Ruby said, laughing.

"Okay...you two lesbians really did got us, especially Chainsaw..." Blocky grumbled, pushing Woody aside gently. Woody, being a scardy-cat, starts whimpering when the color grey was in front of him that Chainsaw set up.
"あ、ごめんねウッディくん... (Aw, sorry Woody...)" Chainsaw said, she then began to pet Woody's hair with her gloved hand. I don't know why she wears those gloves to school, I wonder why...oh well, this isn't my business anyways.
I see Woody blushing as Blocky grabbed her waist, lifted her, and carried her over his shoulder. He's strong tho, since I have seen him working out.

"えー！(Eek!)" Chainsaw squeaked.
"If you two excuse us, we have to go punish our little friend here." Blocky dragged Woody and carried Chainsaw on the way to go somewhere privately.

"He's gonna punish her with that huge dick of his..." I mumbled, he must've heard me.

"NO, I WILL NOT!!"

I laughed to myself, Ruby and I began to walk home, well, Ruby's mother had texted Ruby that she can stay longer at my place, as if she knew that Ruby and I will never be separated.

It's true, tho....we'll never be separated....

Moonflower's P.O.V:

I was stalking Flower, I have to see where she lives so I can destroy everything she has, including her family and friends. I took out my knife and started to go behind Flower, who was walking in the distance with the red head that's her girlfriend. I wanted to kill her for what she's done to me and my friends.
Before I could kill her close enough, someone pulled me by the wall. What's good is that she didn't notice. That scared me as I looked to see who pulled me, I'm relieved that it was Daisy and Marigold, but also pissed off that they stopped me.

"Moonflower."
"Daisy, Marigold."

I glared at both of them, crossing my arms.
"What do you two want now?" I asked. They both squeezed their eyes shut, clenching their fists. I was confused when I saw their expressions.

"We want you to stop hurting Flower and Ruby!"

My eyes widened calmly when they said that...

They wanted me to stop hurting Flower??
After what she's done to me and to them?!

"What do you mean....telling me to stop...?"

"We want you to stop! Flower has changed. She's happy with Ruby right now, and we don't want you to ruin their relationship!"

"Marigold's right. We don't want you to ruin her life! We don't want you to destroy everything she only has, including Ruby!"

I stayed silent for a second.

"Why should I care? This is my revenge, and yours too. She deserves to go to hell after what she's done to me and you guys."

"Just stop! We don't want you to keep doing this!"

Anger started to boil up in me when they said that.

"Flower has changed!! She's not who she's used to be anymore!!"

That's when I snapped...

I swung my blade and gave Marigold a cut on both her arms. Blood dripped out, and Marigold screamed in pain. I stood there, frozen in shock.

A/N: I'm gonna leave it here because I'm out of ideas.

Chapter 9

Third Person's P.O.V:

Moonflower made a run for it after she gave Marigold cuts and scars on her arms.

What was she thinking?!
Cutting her friend's arms like that?!
Not permanently....

Moonflower stopped running, her short white-blue hair was a bit messy. Her eyes had bags underneath, looking like she hasn't slept, she's starting to go crazy.

"I don't care what they say....I will kill Flower for hurting me like this....Ruby is also on my list.....so I'll kill her too."

Then, she saw Flower and Ruby, holding hands. They were both smiling, Moonflower couldn't stand them smiling. She took out her pocket knife, and began to smirk. She couldn't wait to kill her and her revenge will be completed.

And then, she made a run for the kill.

Flower's P.O.V:

"Aw, Ruby! That's really sweet of you to give me this!"

Ruby bought me a gift, a bracelet with all the red rubies that were decorated with pretty pink roses. Ruby smiled at me as she held my hands.

"See, Flower? You look much more beautiful when you put it on! Remember what I told you before? You're not ugly, you're beautiful!"

I smiled as she smiled back, then she pushed me aside as we both fell on the ground.
"What the?! Ruby, what was that for?!" I asked in shock, then I saw a familiar figure, holding a knife.

"You two....."

My eyes widened, Moonflower looked really messed up...
Her white-blue hair looked ruined and her skin looked pale. Her eyes glowed red, she glared directly at me.

"Moonflower!!"

She stood up and charged to kill me, but I moved away and she missed.

"You've hurt me in the past, and you were proud of it!! Now it's time for me to get revenge on you!!"

Before she could stab me, Ruby punched her face and starts to kick her stomach repeatedly.

"I WON'T ALLOW YOU TO KILL MY GIRLFRIEND, YOU HEARTLESS BITCH!!!"

I watched her kicking Moonflower, she stopped and sat on her stomach, she began to punch her face repeatedly. A little bit of blood was splattered on the grass, her mouth and nose were bleeding.

Ruby was so angry that she beat the shit out of her....I got up and stopped her. I pulled her off of Moon as Ruby squirms to hurt her even more. Ruby looked at me as I looked at her back, she calmed down.

"YOU HAVE SOME NERVE DOING THAT TO ME!!!"

Moonflower ran and stabbed Ruby's stomach, twisting the knife and I could hear squirting sounds, she pushed her aside as Ruby put her hand on her stomach to stop the bleeding. She coughed up blood, she

couldn't get up.

My world shattered around me....
She hurt Ruby.....
She killed her....
Rage boiling up inside me.....

"What? Are you mad that I killed your girlfriend? She was in the way. She deserves to go to hell.....now it's your turn." She charged me, I just stood there.

Everything was in slow motion.....

Ruby lays there on the ground, her hand on her stomach.
I could hear her breathing starting to slowly fade away.
Her heart could stop in any minute....
Does this mean.....
Should I let Moonflower kill me??

After everything that I've done to her in the past??

Maybe I deserve this.....

Wait.....

No.....

She saved me and made me understand everything.....

Just as Moonflower could stab me, I grabbed her wrist tightly.
"What do you think you're doing?! Get your hands off me!!"
I slapped her, hard.
She dropped the knife and fell to the ground.
I walked up to her slowly, she looked up.

My expression was numb, anger filled up, as I made eye contact with Moon.
We both stared at each other.
Moonflower reached her hand out to grab the knife, but I stepped on it and I kicked it aside.

"Don't ever come near me or my friends and family, ever again."

I kicked her face, and she was knocked out.

I ran to Ruby's side and carried her to my home. I do have the First Aid Kits in the closet, I ran as fast as I could. I have to keep Ruby alive, I see Match and Pencil walking by, they tried to say hi to me, but I ran past them and called out that I can't chat, Ruby was injured.

I arrived home and put Ruby on the couch, I quickly grabbed a towel and put it on her stomach to stop the bleeding.

I can't allow her to die...
It's my fault that she got stabbed...
This is all my fault...
I was to blame for this mess.....

I put my head on Ruby's chest and cried. Moonflower wanted to kill me, but I don't want Ruby to die because of her...

What did I do to deserve this....???

I heard a knock on the door, I looked to see Chainsaw...she saw Ruby bleeding. Her smiling expression turned into a look of shock and worry.

"What are you doing here?" I asked her, she looked away from me. She fiddled with her gloved hands.

"私は...あなたが泣いているのを聞いた..." She said.

I can understand what she means:
"I...heard you crying..."
She heard me crying when Ruby was hurt like this.
Chainsaw walked up to me.
"お手伝いできますか？"

She said: "Mind if I can help?"
I nodded as she smiled before turning towards the unconscious Ruby. She grabbed the bandages and took care of Ruby's injury. She stopped the bleeding and patched up the injury.

She then began to pray.

I just stood back, watching her praying.
She believes in God.
Chainsaw really is impressive, she doesn't seem so bad after all.

As she was done praying, she stood up.

I waited to see what would happen, a few seconds later, I heard a whimper.
I sat up on my knees, wanting to see if Ruby was alright.
I started to cry tears of joy.
Ruby's eyes were starting to open, I crawled to her and hugged her.

"Ruby!! I'm so glad you're alright!!"
"F-Flower??"
"You're in my house, thank god you're alive!!"

Ruby hugged me tightly.

"Chainsaw?"
"フラワーちゃんがあなたを救ってくれました。"
I was kinda confused when she said that, I saved her? I haven't done anything I did to save her.
"Flower....saved me?? Wait, where's Moonflower? Where is she?!" She said calmly, but later gets a little angry when she remembers Moonflower.
"Don't worry about her, I knocked her out for hurting you like this. Surely, she'll be put into a Mental Hospital for trying to kill me...after everything I've done that I hurt her." I said, looking down.

"Ruby, I'm so sorry. This is all my fault for getting you into this situation about me and Moonflower...when she stabbed you, I felt so guilty..." I said, whimpering and starting to cry again. Ruby looked at me as she wiped away my tears, I looked at her beautiful eyes as she looked back at my pink ones.

"Flower, none of this is your fault. You did everything to protect me from her. Surely, I did get stabbed, but don't blame yourself. All of this is only Moonflower's fault."
Chainsaw just watched as she began to walk away, Ruby and I looked at her.

"Chainsaw, thank you for today. I appreciate you helping me patch up my girlfriend."
Chainsaw looked at me as she nodded with a smile and walked away.

"Where could Moonflower be now??"
"She's still at the park, I did knock her out pretty good tho."
"Oh, can we go back there?? I wanna give that bitch a taste of her own medicine."
"N-No Ruby!! If you do that, she'll kill you and you could lose your life for God knows what!"
"Why?!"

Just as Ruby asked me 'why?', I started to think for a moment, then an idea came in my mind.

"Actually....there is a way to give her karma for almost killing you and me."
"Huh? Why's that Flower?"
"I know that all bullies were supposed to get karma, but you'll see."

The Next Day

Third Person's P.O.V:

"Hey, have you heard about Moonflower??"
"What? What is it?"
"I've heard that....she tried to kill Flower, and she almost killed Ruby."
"Wait, really?? I didn't know she was a psychopath..."

"I've heard that Moonflower almost killed Ruby..."
"Wait, Flower used to be a bully, right??"
"Yeah, but she's changed. Her parents scolded her for hurting other

kids."
"Wow, I can't believe that Moonflower almost killed the red-head girl...."

Moonflower was surrounded by people talking behind her back, she ran to the bathroom because she doesn't want to hear anyone whispering or talking behind her back.
"Why are people in the school talking about me?? Wait.....don't tell me.....that little bitch, Flower is gonna pay for this, so is Ruby....!!" She was sick of Flower and was about to go confront her, she was stopped by Daisy, Marigold, Petunia, Hibiscus, & Sunflower.

"What are you guys doing here?? Get out of my way, so I can go teach that girl a lesson!" She growled, was about to shove them away, but Sunflower stopped her.
"That's enough, Moon. You've completely ignored us, we tried telling you that revenge isn't going to help!" Sunflower pushed her as Moonflower's eyes widen, but still angry.

"As for that....you tried to kill Flower and Ruby?! Just what the hell is wrong with you?! Are you crazy?! Are you out of your mind?!" Sunflower screamed, Moonflower just stayed silent.
"I wanted to get revenge for what she did to me and you girls. She deserves to get whatever's coming to her....and I will not stop....until I get what I want."
Sunflower was getting pissed off, but also getting very sad.

"As if someone was as crazy as you.....couldn't possibly be my girlfriend!! I can't believe you would do something so absolutely insane, I can't believe I wasted my time with you...."
As Sunflower said that it hurts her, Moonflower couldn't help but be shocked by this, her anger fades away.

"As for us....we don't know why we wasted our time to be friends with you....we didn't know that you turned out to be such an insane murderer....you **did** try to kill Flower and Ruby....." Daisy said, Marigold, Hibiscus, and Petunia agreed with the two.
"We thought you'd move on because of Flower and putting the past behind, but it turns out....you never let it go."

Daisy, Sunflower, and the three girls left the bathroom, leaving

Moonflower standing there all alone. She falls on her knees, staring into space. Drops of tears were on the bathroom floor, Moonflower just couldn't help, but felt very hurt for what Daisy and the rest had to say.

This really hurts....

It hurts to lose your friends like that....

She realized what she did wrong, revenge isn't the answer. She finally sees that Flower really did change, she was wrong....so very wrong in the past....she made those mistakes, everything is all Moonflower's fault.

She really did ruin their relationship, did she?

Chapter 10

Flower's P.O.V:

Today was great at Object High School, after the story I spread about Moonflower, a few students believed me when they saw Ruby beside me, having those little bandages on her face. I even told Daisy and Marigold. The look on their faces, must've been really.....you get what I mean.

All the students saw that I changed, I'm not a bully anymore.
I even got Daisy and Marigold to be my friends, Petunia, Hibiscus, and Sunflower have became friends with me too!
They all finally saw that I changed, I know I have regretted for what I did to them, and I apologized for hurting them like this.

"Flower!! Can we go on a date?? Pleeeeeeaaassseee???" Ruby asked me, making the puppy eyes that I couldn't help.
I hugged her and swung her around in my arms.
"Oh alright Ruby, we'll go after school."
"Yay!!!"

-After School-

I haven't seen Moonflower all day, I wonder what she's up to.....I'll admit, I am curious about what she's up to now. Maybe she still won't let go of the revenge thing, after everything I've done in the past. Well, after kicking her in the face yesterday....I think I might've gone too far.

I went to use the bathroom.

There she was...

Laying there...

Covered in bruises...

I was shocked, I didn't expect her to get beaten up by other girls.
"M....Moonflower??"
She looked up at me slowly, her cheeks were flowed with tears streaming down.
Did I really hurt her that bad??
I guess I really did...
I went to the Nurse's office to grab some bandages. I came back with them as I went up to Moonflower.
I patched up her wounds and helped her up.

"Oh...you..."
I carried her on my back as I went to the entrance.
Ruby sees me as she smiles, when she sees Moonflower, she goes furious, but she keeps it inside.
"Flower, why is **she** with you??"
"I was going to use the bathroom, she was just laying there looking hurt. I patched her up and I couldn't just leave her there."
Ruby stayed silent as she sighed.
"Let's just drop her off..."

Ruby and I walked to drop Moonflower to her home. I could hear her breathing, she was too weak to walk or stand up. I heard her mumbling something.
"Moon, did you say something??"
She stayed quiet for a moment, Ruby looked at her.
We decided to listen to what Moon has to say.

"Flower....Ruby....I'm sorry....I regretted everything for what I did....I spat at your face, I slapped and cut you....and when I tried to kill you....I was too focused on wanting to get revenge after what you did to me since Kindergarden and Middle School....I-I'm sorry....I-I-I'm really....r-r-really sorry....!!"

Ruby and I had our eyes widened, the crazy girl who wanted to kill me....apologized?? My gf and I looked at each other as we smiled.

"We forgive you. Don't worry about it, let's just put this behind and pretend it never happens."

Moon lightly gasped, and I could feel her smiling.
As we arrived at Moon's house, I got her off of my back as she managed to stand.
"I didn't think you two would forgive me. Flower, I finally realized that you did change. I was so angry and wanted to get revenge so badly, and I'm sorry for everything for what I did to you."
I smiled as Ruby and I hugged her.
"Don't worry about it! We'll put the past behind this!" Ruby says with a smile.

We pulled away from the hug, Moon could help but smile again.
"Ya know, I'm actually moving away. My parents found out what I did and I'm going to a different school, I don't think Sunflower and the other girls wouldn't want to say goodbye."
Ruby and I were surprised, Moonflower is moving away?!
"Wait, what?!"
"When you told everyone about the incident, all of the students began to hate me. Girls would drag me to the bathroom and beat the living hell out of me. Guess I really did get karma...and I deserved this."

Ruby and I didn't know what to say.
"Well, I guess...this is goodbye. If you move, we won't be able to see each other again." I said sadly.
Moonflower nodded her head.
"Yeah, but I know we'll meet again one day."
I smiled.
"This is goodbye. I'm sure we'll meet again, Moon."

We both hugged one last time, Ruby joined in on the hug.
We exchanged numbers as Ruby and I left her home.

"Flower~?"
I felt Ruby purring me when she hugged my arm, I blushed a bit.
"Y-Yeah Ruby??"
She pinned me against the wall while we were near my home.
"I know we're supposed to go on a date, but these horny thoughts won't leave my mind~"
My face explodes in the redness, lewd thoughts are going through my

mind.

"You want me to fuck you that badly~?" I asked.
She pressed her breasts against mine, licking her lips.
"Yes Flowey~! I want you to do it to me so hard that'll make me pass out~!"
Just as I was about to kiss her so hardly, I heard those fucking pranksters watching us from the distance.

"Are you gonna do the thing out here?! Get a room ya lesbozos!!"

Blocky shouted, Woody just stayed quiet.
I just grabbed Ruby's hand and stomped out of here.
Boys just don't know when to shut up, huh...?

(A/N: I'm sorry if this is short. *le cry)

Chapter 11

(NSFW WARNING!!!)

Flower's P.O.V:

"Flower~ Can you play with me, please?" Ruby purred, her fingers running down my hips.
I just couldn't help but blush hard as a tomato. I pinned her down on my bed, and she giggled cutely.
"Oh? Do you really want me that badly?" I asked. My red-headed girlfriend wrapped her legs around my waist.
"Y-Yes I do~ I want you to fuck me so hard!" She pleaded.
I kissed her roughly as she kissed me back.

-Picture it in your head cuz I'm lazy as fuck...-

I did the finishing blow as Ruby and I came.
We both panted as we caught our breath.
"Wow...that was amazing..."
"Indeed Rubster...indeed."
I held Ruby close to me as we both fell asleep.

-Next day-

Ruby and I were at our usual school, Daisy and Marigold came up to me.
"Hey Flower!"
"Oh, hi Daisy! Marigold!"
They both panted to catch their breath.
"Do you know where Moonflower is??" Marigold asked me.
"Where is she?? We haven't seen her yesterday and something must be up." Daisy said.
"Oh...well..." I don't know what to tell them, Moonflower's moving away, why are they so concerned about Moon???

"Moonflower isn't coming."

They were both confused.
"Huh?? Moonflower isn't coming to school??" Marigold asked, Daisy became skeptical.
"Something's up, why isn't she coming??" The freckled girl asked me.
I remember what Moon told me.

Flashback

"Flower, Ruby. You two have to promise me something."
"Yeah??"
"Huh??"
"I did tell you that I'm moving away, but I don't want you to tell Hibiscus, Daisy, Marigold, Petunia, and Sunflower."
"Why's that??"
"I don't think they won't care if I leave."
"Oh..."
"Please don't tell them. They don't ever want to see me again, I hurt them back then, but I doubt that they're mad at me for killing you."

Ruby and I stayed silent as we both thought it over, then we both nodded.

"Okay. We won't tell them."
"Good."

Flashback Ended

"I-It's nothing!! You'll find out later!!"
I grabbed Ruby's hand as we both went inside the school, heading to our class.

Time Skip

iance and I were at the School Rooftop, having lunch. Pen and Eraser had joined us to get some hugs and kisses from Pencil and Match. Ruby rested on my lap as I stroked her lovely red hair. Snowball and Lightning were cuddling. Bubble was petting Fanny's head.
"I wonder, what happened to Moonflower??"
I stayed silent, hmm.....maybe it's best to tell them, but only them.

"Well, this is something that you guys need to keep a secret. Don't tell

Sunflower or anyone else in the school. Promise?"
They all nodded.

And so, I told them everything.

"Wow, so she tried to kill you both?? That's why she's moving away??"
"Yeah, she couldn't handle people whispering behind her back, so she just didn't come back to school."
"Well, at least the bitch had learned her lesson."

-Time skip-

Ruby and I walked out of high school, heading home. Sunflower and the girls were still asking questions to other kids if they had seen Moonflower.

It's best not to tell them.

A/N: Short, I'm sorry!! I ran out of ideas, I'm sorry for not updating!!
I've been busy and actually finished high school, I'm gonna be selling commissions soon!! Oh, and I kinda spent my days listening too much to music and YouTube.

Anyways, see y'all in the next update if new ideas would come and pop up!!
